FARMERS IN SOUTHERN FLORIDA READY SMUDGE POTS FOR FRIGID BLAST

By THE ASSOCIATED PRESS

The winter's coldest weather, powered by 40-mile-an-hour winds, rolled eastward to the Atlantic Seaboard today. The arctic outbreak covered most of the eastern two-thirds of the nation.

The icy winds hit 68 miles an hour near Hartford, Conn. Near blizzard conditions were forecast for parts of New York state in the lee of Lake Ontario.

The cold air spread southward into Gulf coastal areas. Readings in the 20s and 30s penetrated northern Florida. Temperatures were in the teens or lower in northern Mississippi, Alabama and Georgia.

A vast area of subzero cold extended from the Rockies and Great Plains into the Appalachians. The coldest spot was Hibbing, Minn., with -39.

Temperature Scheduled to Drop Tonight

By THE ASSOCIATED PRESS

Pennsylvania today was gripped in freezing weather.

A cold wave, originating in the arctic regions, swept across the Keystone state accompanied by strong northerly winds. Greater Pittsburgh Airport reported a 2 below zero reading.

Cloudy weather prevailed over most of the state, with some snow in central and western sections. Kane reported three inches of snow and six degree temperatures.

Temperatures generally will range between 5 and 15 degrees today, except in Southeastern Pennsylvania — around Philadelphia — where the mercury probably will go up to near 25. Tomorrow, the weatherman says, it will be just a few degrees warmer — but still below the freezing mark. (Turn to Page Ten)

Eleven Persons Hurt in Mercer County Accident

MERCER, Pa. (AP) — Eleven persons were hospitalized here today as the result of a two-car auto wreck Sunday on icy Route 19 a few miles north of Mercer.

Mrs. Olive Robertson, 35, of Erie R. D. 4, was in serious condition at Mercer Cottage Hospital with a broken arm, a broken leg, and other injuries. She and the following persons, all en route to a Jehovah's Witness meeting here, were in one auto:

Mrs. Alberta Roberts, 38; Wattsburg; her husband, George 35, and their sons, Arthur, 11, and Allen, 9, and Carol Shrader, 17, of (517 East 16th St.) Erie.

In the other auto, and also admitted to the hospital, were the following Syracuse University students en route to school: Victor Pickard Jr., 21, of Thornburg, Pa.; Sam Colella, 18, Pleasant Hills, Pa.; Mary Bess Riday, Philippi, W. Va.; Tad Boggs, III, 21, of Canonsburg, Pa.; and Jean Meredith, 18, of Monongah, W. Va.

Parents of Kidnaped Infant Wait Anxiously for News

NEW YORK (AP) — Mr. and Mrs. Frank Chionchio waited anxiously, hopefully, prayerfully for some news today of their kidnaped newborn daughter. A city shared their anxiety, their hope, their prayers.

An intense, agonizing search by police and FBI agents continued for the missing infant. She was taken from a fourth-floor nursery of St. Peter's Hospital in Brooklyn Friday night, only 2½ hours after birth.

"There are no leads," Det. Chief James B. Leggett said Sunday.

Police and private citizens were on the alert for a heavy-set bleached blonde believed to be the kidnaper. She was seen loitering in the hospital before the kidnapping. Transportation employees kept an especially watchful lookout.

San Francisco police sent here a description of a woman who took a baby from Mt. Zion Hospital there three years ago. The description fitted the woman seen at St. Peter's.

The California woman was identified as Mrs. Betty Jean Benedict, 31, who is wanted for parole violation.

She lost a baby in 1945 and was unable to have more.

The California baby was left with a priest nine days after the kidnapping.

The baby weighed seven pounds when born Friday night to Mrs. Chionchio, 26. Mrs. Chionchio, who has one other child, Gerardette, one, remained in St. Peter's. Doctors described her as "very upset."

Burdensome Money Raising Task Confronts Assembly Session Opening Tuesday

Below Zero Weather Predicted Tonight

By THE ASSOCIATED PRESS

Extended forecast for Tuesday, Jan. 6, through Saturday, Jan. 10.

Western Pennsylvania, western New York and West Virginia: Temperature will average 4 to 8 degrees below normal. Moderating trend Tuesday through Thursday, colder Friday or Saturday. Snow Thursday or Friday may total .33 inch melted precipitation.

HARRISBURG (AP) — A tax-conscious Legislature returns to Harrisburg Tuesday for what could be a long and exceptionally important session of the General Assembly.

The 143rd Assembly convenes in the face of a burdensome money-raising task—that of wiping out a 100-million dollar deficit and providing up to half a billion dollars in new taxes.

Tuesday's meeting of the House and Senate will center around formalities and pageantry which has accompanied such openings down through the years.

The Senate is expected to recess at the end of the day until Jan. 19—the day before the inauguration of Gov.-elect David L. Lawrence. The House may meet an extra day before doing the same.

There was mounting pressure to take a six-week recess after the inauguration to give Lawrence a breathing spell to submit his budget.

Sen. M. Harvey Taylor, Senate Republican president pro tempore and powerful GOP leader, joined in the recess idea, first expressed by Rep. H. G. Andrews, veteran Johnstown Democrat who is expected to be elected speaker on Tuesday.

Lawrence is not expected to submit his budget until late February—the first formal signal for the lawmakers to begin financial deliberations.

Both the Senate and House will organize on the first day and then settle back to hear an account of the administration of outgoing Gov. George M. Leader.

Traffic Death Toll Soars to Mark of 390

By THE ASSOCIATED PRESS

Traffic	376
Fires	60
Miscellaneous	113
Total	549

The nation's traffic death toll during the long New Year weekend, showing sharp upward trends at the start and the close, edged toward the pre-holiday estimate of 390 today.

The final count awaited delayed reports of accident deaths which occurred up to midnight Sunday. It started at 6 o'clock (local time) New Year's Eve.

Although it appeared possible the final total would reach the National Safety Council's estimate, indications were the final toll would be under the record traffic toll of 409 for a New Year holiday period. That mark was posted in a four-day period at the end of 1956 and the start of 1957.

The Council noted the swift pace of deaths on the highways Sunday as the homeward rush of motorists reached the peak of travel. The upturn was similar to the toll on New Year's Day after a relatively safe start.

Weather was a big factor in the count. Many accidents were attributed to the snow and ice-slicked highways. But the hazardous driving conditions also resulted in keeping many Sunday drivers on the road.

Governor-Elect Considers \$740 Million Budget

HARRISBURG (AP)—Gov.-elect David L. Lawrence is reported to be favorably considering a whopping \$740 million dollar budget proposed for welfare and relief expenses by Harry Shapiro, outgoing public welfare secretary.

The figure is a record. It represents an increase of 240 million over the last two years for the combined operations of the Welfare and Public Assistance Departments. The two agencies were merged last June 1.

There has been concern that Lawrence and Mrs. Ruth Grigg Horting, Shapiro's successor, would not agree to such a budget before it reaches the 1959 Legislature.

The proposed biennial budget consists of 560 millions in state funds and 180 millions in federal contributions, said a Public Welfare Department source who declined to be quoted.

MOTORCYCLE FATALITY CHAMBERSBURG, Pa. (AP) — Allan Hafer, 23, Chambersburg, died in Chambersburg Hospital Sunday night of injuries suffered in a motorcycle accident Saturday night.

State police said Hafer apparently lost control of his motorcycle on Route 30 near Chambersburg and was dragged about 40 feet when it overturned.

Soviet Union Cosmic Rocket Continuing Headlong Dash Toward Solar Orbit Today

By HAROLD K. MILKS

MOSCOW (AP)—The Soviet Union's cosmic rocket continued its headlong dash toward a solar orbit today in man's greatest conquest of space.

Its radio signals ceased as the 1½-ton device—now called Mechta (dream)—went past an estimated 370,960 miles in its plunge away from the earth. It had then been in flight 62 hours.

Resources for feeding the radio equipment had become exhausted, the Soviet news agency Tass said.

"The program of observations and scientific investigations of the rocket has been completed," an announcement said.

This predicted the rocket will finally enter an orbit around the sun Wednesday or Thursday. Mechta is due to take 15 months to go around the sun, traveling elliptically.

The Russians calculate this orbit would have a maximum diameter of 214½ million miles. The rocket would get no nearer the sun than 91½ million miles. The sun averages 93 million miles from earth.

The name Mechta was applied to the rocket today by Pravda the Communist party newspaper. When it was announced last Saturday that the rocket was headed toward the moon, it was called Lunik, a combination of Luna (moon) and Sputnik.

Scientists here figured that it was travelling at a maximum speed of 1.52 miles a second when it passed the moon Sunday at a distance of 4,700 miles.

Results of radio transmissions between the rocket and ground stations will be published as soon as they are analyzed, Tass said.

The actual number of days that will be required for the solar orbit will be 447, scientists said. This is 82 more than it takes the earth to go around the sun. (Turn to Page Ten)

Dems Challenge The Adequacy of Ike's New Budget

By JACK BELL

WASHINGTON (AP)—President Eisenhower talked over his defense and foreign policies with congressional leaders today. He reportedly told them defense spending in the new fiscal year will run about \$40,900,000,000.

This figure—about 100 million dollars more than the current year's defense total—was given newsmen by Sen. Alexander Wiley (R-Wis.).

Wiley made an early departure from the presidential conference with the congressional leaders of both parties.

The White House announced 10 days ago that the administration's overall spending budget for the new fiscal year, beginning next July 1, will be balanced at about 77 billion dollars.

Today's conference of Democratic and Republican leaders came against the background of criticism by some Democrats that the total budget is inadequate, particularly in the defense field.

Invited to the White House briefing were 26 Senate and House members, including leaders of both parties there and senior members of the Armed Services, Appropriations, and Foreign Affairs committees.

Democrats have renewed their calls for more U.S. action in the (Turn to Page Ten)

Ferry Brings Another Load To Key West

By LARRY ALLEN

HAVANA (AP)—Fidel Castro and thousands of his hard-fighting soldiers continued their slow westward march of triumph today, savoring the adulation being heaped on them as they approached Havana.

Tens of thousands in cities, towns and villages turned out to cheer wildly as Castro and his motorized columns made their way from the Oriente province center of their rebellion which overthrew the dictatorship of Fulgencio Batista last week.

The progress was slow: Camaguey, 300 miles from Havana, Sunday night; tonight, Santa Clara, scene of the decisive defeat which forced Batista to flee, 140 miles further along the march; Tuesday, Matanzas, 50 miles from the capital.

Castro and his men were expected in the capital Wednesday afternoon for one of the greatest welcomes in Cuban history.

In a prelude, Manuel Urrutia, named provisional president by Castro, was flying from Santiago de Cuba this morning to take the central government reins in Havana.

The people of Havana awaited Castro with full stomachs for the first time since the collapse of the Batista government and the dictator's pre-dawn flight to Ciudad Trujillo.

The rebel chieftain, now commander in chief of Cuba's armed forces, ordered an end to the paralyzing general strike which had closed the nation's stores, stores, business and industries and tied up transport and communications.

He had said he would call off the strike when he was convinced Havana was safely in the hands of his men.

There were immediate signs of a return to normalcy in the tense excited city.

Newspapers began appearing again. Stores flung open their doors to do a landoffice business selling foodstuffs to hungry Havanners. Taxis and buses resumed operation. Industrial workers began preparing to return to their jobs.

Castro's bearded soldiers patrolled the streets with rifles, pistols, and machineguns, guarded government buildings, and banks and roamed the lobbies and corridors of hotels, on the alert for violence.

Speedy executions already had been meted out to at least five Batista henchmen. They were Capt. Jose Garcia Menocal, a police inspector in the western province. (Turn to Page Ten)

Soviet Proposal Is Rejected by West Germany

BONN, Germany, (AP) — West Germany today rejected the Soviet Union's proposal to turn West Berlin into a demilitarized free city and called on Moscow to restore the city to its place as capital of a united Germany.

In a note delivered in Moscow, the West German government stressed the four-power responsibility for German reunification and backed up the previous rejection of the Soviet proposal by the Western Big Three.

Berlin's future can be discussed only within the framework of the whole German question, which is indissolubly bound up with the problems of security disarmament, the note said.

The note said pointedly that the Soviet proposal would place isolated Berlin at the mercy of Communist East German regime.

Recalling the Communist attempt to blockade the city in 1948, the note said the "presence of Western troops in the city was welcomed by the inhabitants."

It is not the West German drive to the East, as the Soviet Union claims, that is responsible for the situation but on the contrary the Soviet thrust to West, the Adenauer government said.

Two State Troopers Injured in Accident

WASHINGTON, Pa. (AP)—The icy roads which state police must patrol resulted in the injury of two officers while on duty Sunday.

Sgt. Walter Marm, 46, of the Washington barracks, is in Washington Hospital with possible rib fractures.

Trooper Herbert Stouffer, 23, who was accompanying Marm, suffered minor injuries as their squad car skidded into a guard rail on Route 19 near Washington.

Soviet First Deputy Says He Is Just on a Vacation

By WARREN ROGERS JR.

WASHINGTON (AP)—Old Bolshevik Anastas I. Mikoyan, insisting he is just on vacation, set up a no-holds-barred talk about the cold war with Secretary of State Dulles today.

The 63-year-old Soviet first deputy premier flew into New York City Sunday and drove directly to Washington.

At New York's airport, he studiously ignored a group of Hungarian refugees, some of whom yelled "murderer" and "Communist dog" at him. But a larger contingent waited in vain at the Soviet U. N. mission headquarters on Park Ave., which he bypassed.

Today, however, some of the same determined picketers arranged to march with placards outside the State Department, where Mikoyan had his appointment with Dulles. Both Mikoyan and State Department officials indicated the Berlin situation would figure in the talks.

For Mikoyan so far the trip has been "America revisited." He came here in 1936, when he was so impressed with ice cream and the automat that he introduced both ideas to Russia. This time he got excited about cellophane-wrapped doughnuts, motels, parking meters and rental automobiles.

The days ahead also have no fixed schedule. Mikoyan says he will be happy to talk about anything Dulles wants, including Berlin. Dulles says "The initiative is his." Mikoyan says he would be pleased to talk to President Eisenhower if the President has time.

One thing stood out clear. The critical Berlin situation—provoked two months ago by Soviet Premier Khrushchev—is the biggest cold war issue at present, and hence the most likely topic of any talks Mikoyan holds here. The question in the official American mind was: How far is Mikoyan authorized to go—if at all—in backing down from Khrushchev's seeming ultimatum, rejected by the West, that the allies pull their troops out of West Berlin by next May?

You look heavier than that—even if your Times-Mirror Want Ad did guarantee them accurate.

New Schools Are Being Organized By Civil Defense

The new year brings a request from Warren County Civil Defense for earnest support of three new schools.

"We must continue the good work of training members of the community and county, or we start going backward," declared W. C. Fuellhart, county director, today. "Let us make 1959 another year of Civil Defense growth in Warren."

The active Rescue Division resumes its school today at 7:30 p. m. at CD headquarters in the courthouse annex. Although this school ran for a month in November, any new men interested in joining the unit will be welcome. A review will be presented to bring them up to date.

A new Auxiliary Police School will begin Wednesday at 7:30 p. m. in the small courtroom of the courthouse. Civil Defense leaders are especially anxious to train more men in Warren for the police work, so those who can give a little time to this vital activity are urged to attend the first meeting.

The Radiological Division announces plans for a new class to open Thursday, Jan. 15, at 7:30 p. m. in the small courtroom. Besides urging men and women residents to join this new class, CD wants school principals and teachers to attend the sessions and learn the fundamental facts about fallout. Further, all Civil Defense directors, division heads and assistants are asked to enroll in the class.

Scientists Claim Forms of Earth Life Growing on Mars

By JOHN BARBOUR
Associated Press Science Writer

WASHINGTON (AP) — Some simple forms of earth life can live and grow on Mars, an Air Force scientist reported today.

Now the question is: Can some useful forms of life be grown in Martian-like soil, perhaps to provide food for visiting earthmen.

That, at any rate, is one direction for future research, said Lt. Col. John D. Fulton of the School of Aviation Medicine, Randolph Air Force Base, Tex.

Some forms of soil bacteria have been shown to live under conditions similar to those on Mars, Fulton told a meeting at the American Assn. for the Advancement of Science.

These soil bacteria are the kind that help convert basic soils chemicals into plant food.

In Fulton's laboratory, these bacteria were introduced to a different sort of world.

To create his Mars-on-earth, Fulton created an atmosphere of pure nitrogen with just about a twelfth the pressure we know on earth.

For soil, he tried two types—red sandstone rich in iron oxide, from Texas, and some lava type soil from Arizona's Painted Desert.

Temperatures were made to vary from 25 degrees below zero at night to 70 degrees above zero in the daytime.

Simulating the dry Martian climate, he provided only about 1 per cent moisture.

Into this strange world, Fulton introduced two kinds of bacteria: those which could live with or without oxygen, and those which could not tolerate oxygen.

He found that both kinds not only survived for the length of the experiment—10 months—but they also grew and reproduced, although at a slower rate than under normal earth conditions.

Woman Burns to Death in Blaze At Ellery Center

ELLERY CENTER, N. Y. — Mrs. Fern Terry Case, 47, perished in the blaze which destroyed her small home on Bellevue Road, close near here at 7:30 p. m. Sunday as she tried to escape after calling the volunteer fire department.

Fire Chief E. Frank Kay reported the small, one-story frame building was a mass of flames by the time firemen reached the scene, a scant quarter of a mile from the village.

When they were able to investigate the smoldering ruins, firemen discovered Mrs. Case's body. It is believed the woman died from smoke suffocation. Her clothing was charred but her body, except for her head, was not badly burned.

This vast agricultural exposition, held in the 14-acre State Farm Show Building, has more than 10,000 exhibits and annually attracts 500,000 visitors from nearly every state and many foreign countries.

Two Hurt in Weekend Traffic Smashups

An 18-year-old Pittsfield boy was injured early Saturday when he fell asleep at the wheel of his car and hit an abutment of a small bridge.

Troopers said William Kellogg of RD 2, Pittsfield, was returning home from Sugar Grove area when he apparently dozed off the road on Route 27 about 4 1/2 miles south of Youngsville.

He was admitted to Warren General Hospital at 1:25 a. m. Saturday suffering from multiple cuts and bruises. Condition is reported "good."

Damage to the car was estimated at \$1,000.

A minor injury occurred at 12:30 a. m. Sunday at Lily Pond on Route 6 west of Warren. Troopers stated Ronald Kulback, 18, of Irvine, was proceeding east and Dorothy Kifer of Clarendon was traveling west. They sideswiped, inflicting about \$150 damage to each machine.

Patricia Bentley, 29, of Kinzua, a passenger in Kifer's car, suffered bruises, according to investigating officers.

A tractor-trailer driver who avoided a minor crash on Route 62 Saturday afternoon wound up the big loser when his vehicle tipped over in a ditch.

Troopers reported Christian Heidt, 67, of Irvine, was turning around in a driveway about ten miles south of Warren when he hit the side of a small north-bound Chevrolet truck operated by Norman R. Butts, 35, of Ashville.

In attempting to avoid the debris, well-monitored Aloysius Delain Gabler, 24, of Lucanda, too his semi to the berm and then to the ditch, where it toppled, sustaining about \$500 damage.

Damage was declared minor to Heidt's sedan, non-existent to the Butts' truck.

Four miles south of Warren on Route 337 about 2:50 p. m. Saturday there was a sideswipe. W. T. Corbett, 78, of 7 Fourth avenue, was driving north and Allan L. Peterson, 57, of 408 Crescent avenue, drove south. Damage was estimated altogether at \$500.

On Sunday at 3:30 p. m. Patricia Dunn, 18, of 2 Myrtle street, was traveling south on Beech and pulling onto Pennsylvania avenue when her vehicle was struck on the side by Joseph J. Wiley, 40, of Erie, moving west on the avenue. Damages were estimated at \$290 to the Dunn vehicle, \$100 to Wiley's.

Rules Governing Nominations For "Young Man of the Year"

Announcement comes from the Jaycee Week Committee that the Distinguished Service Award will be presented to some young man January 22, 1959, at the Bosses' Night Banquet.

HOLLYWOOD (AP) — Jerry Lewis, a seven million dollar corporation with a perforated ulcer and heart trouble, has been ordered to cut his activities by half.

"I'll try," says Jerry, "but you know me. I do three songs every time the light goes on when I open the refrigerator."

Family and friends have long urged him to cut down. He's in his Paramount office at 7 a. m., often says late at night.

"I don't call it work when I'm doing something I love. Hard work, if you like what you're doing, never hurt anyone. I don't work as hard as a ditch digger, who only works eight hours a day."

Jerry's last attack was serious enough for Dr. Paul Dudley White, the President's heart specialist, to be consulted.

"It cost a lot of money for Dr. White to make a report on my electrocardiogram," says Jerry, "but it was worth it. I learned that the most dangerous thing in life is aggravation, especially aggravation over trivial things."

"Five minutes aggravation a day can do more damage than a fifth of bourbon twice a day. The aggravation can kill you at 45. The bourbon can give you cirrhosis of the liver, perhaps but you can live to 80."

Jerry apparently took the aggravation lesson to heart but the jury's still out on whether he will cut down his strenuous work schedule.

Jerry estimated that his illness personally cost him \$200,000, including a \$100,000 Miami cafe engagement. The comic's personal weekly payroll for his staff is \$8,000. It went on although the boss was home sick for six weeks.

It also cost producer Hal Wallis, who was making "Don't Give up the Ship" when Jerry collapsed. The 1 1/2 million dollar picture was shut down for six weeks, but much of the loss is covered by insurance.

TV-MOVIES

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP) — Everybody knows that Westerns are the most popular fare on television. But why?

Let's look at "Tales of Wells Fargo," consistently one of the better horse operas.

Dale Robertson, the Oklahoman who stars, lays it all to teamwork. Practically all the present crew has been with the series since it started three years ago.

Producer is Nat Holt, an old timer at making action pictures. Director is Earl Bellamy, long associated with Holt in moviemaking and now on his 68th "Wells Fargo" segment. Chief writer is Frank Gruber, among the most prolific of Western writers.

Everyone is compatible. Soreheads were weeded out early. Each show is filmed in two and a half days — two a week. That leaves no time for temperance.

Featured actors are TV and movie pros. Robertson, who owns 51 per cent of the series, won't hire the new crop of Actor's Studio talent.

"Sweet shirted idiots," he calls them.

Both Bellamy and Robertson are against memorizing scripts and long rehearsals.

"I don't want anyone on the show listening for cue lines," says Robertson. "The viewers sense the unnaturalness immediately."

Informality is encouraged. Robertson helps keep things informal. He never takes himself or his acting seriously.

But this year he will gross more than one million dollars from the series — and that's serious money.

On Friday, Albert Allen was taken ill and collapsed in the bathroom of his home. He recently underwent surgery and has been recuperating at home. Attempting to assist him, Mrs. Allen injured her back and both were put to bed by a physician who was called.

Mr. and Mrs. Do Scott entertained all their children and families at Christmas Day dinner.

Mr. and Mrs. Marshall Danielson and daughter, Barbara, with Mrs. Lois Moravek and son, Allan, and Lela Pierce, drove to Erie to visit Dennis Moravek at St. Vincent's Hospital. They report his condition remains about the same.

On Saturday night, Mr. and Mrs. Clare Pierce, Lela Pierce, Mrs. Lois Moravek and sons, Jack and Allan, with Barbara, Roger and Rodney Danielson, attended the Christmas program at the Cobbs Corners church.

Mr. and Mrs. Marshall Danielson entertained Mr. and Mrs. Clare Pierce, Lela Pierce, Mrs. Lois Moravek and sons, Jack and Allan, Mr. and Mrs. Robert Dav's and daughter, Kathy, for Christmas dinner.

CUBA—QUO VADIS?

The triumph of rebel leader Fidel Castro in Cuba is an event that could cause substantial concern in neighboring United States.

This is not because America had any love for the departed president Fulgencio Batista, the island's dictator for nearly a generation.

It is because a good many Communists were in the forefront of Castro's revolutionary movement. Though he himself is not a Communist, the long-run question is how successful he will be in containing Cuban Reds and keeping them out of positions of influence.

Furthermore, though it is expected that outwardly any government installed by Castro, whether provisional or otherwise, will have a more liberal complexion than Batista's, there are persistent suggestions that the Castro forces will not really be a great improvement.

Certainly, however, Batista did not deserve to survive. It has been evident for many months that his regime was doomed even when his armies still were holding a strong upper hand over the rebels. They could not stamp them out.

When a dictator cannot snuff out his enemies, he fails a key test of his trade. And for Batista matters in recent weeks were getting worse. The rebels, well armed and financed, were enlarging their control of Cuban soil to major proportions.

Just before Batista fled to the Dominican Republic Castro had taken a grip on the island's sugar cane producing eastern provinces. This meant that unless he gained power he could wreck the foundations of the Cuban economy.

So now Batista is gone and the prospect is good that the long months of bloodshed and violence in Cuba will end.

Beyond that, only time will show what sort of government Cuba is now to have. In a Washington not too optimistic, the best hope seems to be that we may somehow be pleasantly surprised by the events to come.

FAST TIME BOBS UP AGAIN

According to Associated Press dispatches, the problem of Daylight Saving Time in Pennsylvania may come before the next General Assembly session in Harrisburg where State Senator George M. Wade, Cumberland county Republican, says he has a bill that would fix the Fast Time period from the last Sunday in April to the last Sunday in October. Mr. Wade will probably find considerable sentiment across the state for a measure that would return Standard Time on the last Sunday of September, because of the shorter hours of daylight through October.

Marlow Looks At TODAY'S NEWS

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The new Senate explodes Wednesday in a fight over changing its rules. It may last weeks and much of it will sound dull. But it's far-reaching. This is an ABC on it.

A bloc of northern Democrats and Republicans wants to change Senate Rule No. 22, which makes it so hard to smash a filibuster that none has been broken in 31 years.

The Senate prides itself on its rule of practically unlimited debate. But debate can have two purposes: To discuss an issue fully before a vote on it or to prevent a vote altogether. The latter is the filibuster.

The 96 senators will do most of their business—passing bills—by just a simple majority of those present on the floor at voting time. A full majority, harder to get, would be 50 of the 98.

But under Rule No. 22, shutting off a filibuster against a measure—to let the Senate by a simple majority vote decide its fate—requires a two-thirds vote of all the senators, or 66 of the 98.

Getting such a two-thirds vote is almost impossible, except in some national emergency. The reason. So many senators, not just southern Democrats, favor the principle of unlimited debate.

It isn't hard for each to foresee the time when he, too, may want to use it to prevent passage of legislation he intensely opposes. The filibuster has been employed against various proposals in the Senate's long history. In recent years southerners particularly have used it, and successfully, to prevent passage of civil rights bills.

The northerners, favoring new civil rights legislation, protest that Rule No. 22 permits a minority in the Senate, where south-

erners are in a minority, to thwart a majority.

Southerners argue that a minority under Rule No. 22 can protect itself against the unwelcome will of a Senate majority.

But why all the fuss about changing Rule No. 22? Since the Senate adopted this rule itself, can't it change it easily? Not easily. Here's why.

No time limit of any kind can be put on a filibuster against a proposal to change the rule.

This raises such an obstacle to changing rules once the Senate is in business that the northerners have settled on another plan. It failed in 1953 and again in 1957 and may not work this time.

Senators are elected for six years. Although every two years the seats of one-third of them are at stake in the elections, the other two-thirds are still in the Senate serving out their unexpired terms.

Because of this, opponents of any change in Rule No. 22 argue that even when there is a new session of Congress, as there is this year, it does not mean a new Senate. They say.

The Senate is never a new but a continuing body. So in each new session of Congress the Senate continues to have the same rules under which it did business in the preceding Congress.

The northerners will argue Wednesday, as before, that each new session of Congress means a brand new Senate and as such the new Senate does not have to inherit rules but should adopt its own.

So they will ask Wednesday, before the Senate is fully in business, that it adopt new rules. If they can win that point, they will ask that Rule No. 22 be changed before it's adopted. They reason: If the Senate agrees that the old rules don't apply until they are changed, they can change them.

"I Don't Want To Caddy Any More, Pop— I Want To Play"

Here and There

Intended to do a piece last week about an article that appeared on the first page of the Evening Mirror December 28, 1898, about Warren's New High School "Unsurpassed in the State, is the Verdict of all Competent Judges: Ready for Occupancy When School Opens on January 9th!" About two and one-half columns, it is much too long to reprint here, so we'll just include some of the more important highlights, that may make interesting reading in view of plans for construction of the John School contemplated by the Area Board at present. Here are some excerpts from the story: "It was less than two years ago that the Board of Education found that it could no longer evade the pressing necessity of a new high school building. Accordingly a building committee was appointed consisting of D. I. Bell, Esq., chairman, Dr. W. M. Baker, Messrs. J. W. Crawford, J. M. Davidson, W. M. McLaren, and W. D. Hinckley. Upon the expiration of the term of the latter two their places were filled upon the committee by Dr. C. W. Arid and F. G. Shreves. Upon this committee devolved the labor of selecting and purchasing a site, deciding upon plans, purchasing material, etc. their action in each instance being ratified by the Board of Education. The property selected at the corner of Third and Market streets cost \$15,300. The cost of erecting and equipping the building has been estimated between \$70,000. This is somewhat in excess of the original cost estimate, but all who have inspected the building will agree that the public funds have been wisely expended and that the board has conscientiously regarded the best interests of the people. Work of excavating was started the 8th day of October, 1897. This was completed in a remarkably short time, and the foundation was laid before the weather became too cold to hamper the operations of the workmen. Last spring work was again resumed and that it has been prosecuted with all speed possible is evidenced by the fact that on the 9th day of January every department of the huge building will be ready for the reception of six hundred pupils. Seven hundred can be accommodated within the walls of the structure and it will be only a short time until it will be crowded to capacity. The building is constructed of buff-colored pressed brick with Ohio sandstone trimmings and slate roof. x x x The building is heated throughout by the Smead, Willis & Co. system. Six boilers generate the heat and the ventilating fans are propelled by a forty-five horsepower gas engine. The building is equipped with the Johnson system of pneumatic clocks. Each clock in the building is controlled by a master clock in the office of the superintendent. Thirty speaking tubes also radiate from this office. The lighting is entirely by electricity. x x x Upon entering the building one is impressed by the front vestibule of carved columns, ornate arches, mosaic marble floors, etc. The central rotunda (50x50) is 48 feet high. The grand stairway leading from the center of the rotunda is 16 feet wide. Cantilever balconies and embellished chandeliers add to the magnificence of the surroundings. The rotunda and balcony ceilings, the stair soffits and cornices are of steel art work. The principal's office is on this floor, with toilet rooms accompanying. Directly off the office is the principal's recitation room, 28x30. Next is the Boy's entrance, off Second avenue. It has marble mosaic floor, bevel glass doors and ornate arches. An entrance nearby leads to the rhetoric and reception room (32x32) and next to the consulting library. Upon proceeding a few steps one finds himself in front of the entrance to the basement to the third floor and is used to carry freight. The girls' consulting library is a well-arranged apartment. It is fitted with library tables, library chairs and book cases. x x x An immense room is the girls' study hall, 50x75. It has 314 single desks, including adjustable seats and desks, grand piano, Wilson Patent Roller wardrobes, containing individual racks for rubbers, umbrellas, etc. Adjoining this are the girls' toilet rooms. x x x The next entrance off the rotunda leads to a recitation room and library society room which contains an organ. Another recitation room adjoins and next is the girls' entrance, off Market street. Before reaching the lady teachers' parlor another recitation room is passed. The former has a most inviting appearance, having a bay window and a Turkish couch, easy chairs, wardrobes, library table, statuary and paintings. These are most costly donations from the people of Warren. Upon ascending to the second floor one is directed to the general office for the board of education, superintendent of schools and clerk. It contains 14 desks and 20 chairs, and seated like the Senate chamber. Finger French windows lead out to the balcony. Upon the same floor is the private office of the superintendent, clerk's office, department of mathematics (28x50), book supply room, department of German literature boy's consulting library, boy's study hall, both of which are equipped similar to those to be occupied by the girls on the first floor. Both the boy's and girls' toilets and wash rooms are located on this floor and there are besides three commodious reception rooms. Ascending the third floor one enters the domestic science, and

Behind GOP Election Flop: Didn't Use Voters' Language

By PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA)—Failure of Republican campaign speeches and party literature to translate the issues of 1958 into words which the average voter could understand is responsible for the GOP's poor showing in this year's elections.

That is the conclusion of a paper which is being studied by Republican leaders here. The analysis of GOP speeches and publications is—interestingly enough—the work of a woman. She is Dr. Helen G. Edmonds, graduate professor of history at North Carolina College, in Durham.

Dr. Edmonds has worked as a Republican speaker in several campaigns, particularly before women's groups. She made her autopsy on the 1958 elephant's corpse at a recent Pittsburgh meeting of the Pennsylvania Council of Republican Women. It was tough for her audience to take. But the 20-page text is now being circulated among GOP leaders as good political practice of national significance.

IN BRIEF, DR. EDMONDS says Republican orators talked too much in the language of business executives, not enough in terms the average man or woman can understand.

For one example, Dr. Edmonds cites speeches which bragged about the United States having achieved a gross national product rate of 450 billion dollars a year in 1958, though this was the goal for 1960. The mistake was in not translating this into terms of better jobs and higher income.

Economic charts also need translating for the layman, this professor declares. She contends that everything about business should be related by the politicians to the average voter's daily struggle to make both ends meet.

IN 1952, THE HISTORIAN finds that the Republicans had corruption in government and ending the Korean War to talk about. Those were dramatic issues that caught on.

The issues this year, Dr. Edmonds finds, were full employment, the farm bill, the labor program, housing, urban renewal, depressed areas and high interest rates.

Where GOP candidates were politically attractive and spelled out these issues clearly, she says, they won.

Dr. Edmonds believes that another factor in the situation was that the Democrats took Republican campaign statements and translated them into words that the Democrats wanted the Republicans to say.

For example, when Republicans talked about maintaining the free enterprise system, the Democrats interpreted it as meaning that the GOP was for old-fashioned rugged individualism.

DEMOCRATS ALSO BUILT UP the impression that the 1958 recession was a major depression. They tagged the Republicans as the party of unemployment and hard times.

In the labor field, Dr. Edmonds says the GOP failed to get across the picture that it was not trying to wipe out all of labor's gains and growth. The Democratic line was that the Republicans were out to crush labor.

Boyle's Comment

By HAL BOYLE

NEW YORK (AP)—Two pretty and adventurous British secretaries, after a 15-month work-travel tour of America, have come up with these conclusions:

"American bosses are more lenient than British bosses."

"In England you get longer lunch periods, but in America you have longer coffee breaks."

"Here a boy on a date asks a girl what she would like to do. In England he has a plan and tells her what they will do. But American boys, on the whole, are more enterprising."

The girls, Hilary Birley and Cecily Thompson, both 22, landed in this country in September, 1957, with \$280 each and a determination to see the United States. They drew up their tour with the help of Manpower, Inc., an organization specializing in providing industrial firms with skilled employees on a part-time or emergency basis.

In their journey across America and back the two girls held some 40 jobs and earned about \$2,200 each.

"We held about every type of job you can imagine," said Hilary. "We waited on tables in Aspen, Colo. We mixed drinks at a convention in San Francisco. We made surveys in Minneapolis. We worked as secretaries in several cities."

"People everywhere were friendly and willing to give us jobs," said Cecily. "We could have earned a lot more, but we took a number of vacations so we could get to see more."

The girls bought a second-hand car in San Francisco for \$160—"we named it Celeste"—and drove it 9,000 miles. They then reluctantly sold it to a Minneapolis junk dealer for \$30 rather than invest \$50 more to repair it.

The high-spirited girls said the biggest blow to their pride came in Aspen when they overheard a chef grumble: "I wish those girls would learn to speak English."

"But we ran into a number of misconceptions about Britain," said Cecily. "Many people here still seem to have the idea that the British working class is oppressed, that food is rationed in our country, that the British have no sense of humor, and that everyone in England drinks tea. Neither of us happens to like tea."

What thing about America upset them most?

"I suppose," said Hilary, "it was the time we went on a date out West and one of the boys ordered a hamburger and topped it with a slice of pineapple and a maraschino cherry."

And the hardest thing about America to adjust to?

"Girls going to work in the morning still wearing bobby pins in their hair," said Cecily. "No, men wearing T-shirts in public," said Hilary.

How to Keep Well

TRAFFIC CASUALTIES

A research team at Cornell University analyzed 3,000 accidents in which at least one occupant was injured. The seat beside the driver proved the most dangerous; the center of the back seat was the safest. The risk of being killed was multiplied five times when the passenger was thrown free of the car in a crash. The use of seat belts and devices for keeping the door shut could save 5,000 lives a year.

Some ailments, particularly arthritis, are aggravated by the impact of the crash. Approximately 80 per cent of the 250 patients treated by Dr. Jacob Kulowski for neck and low back complaints following a motor accident had suffered from spinal arthritis previously. They do not sit properly and are at a disadvantage should a collision occur. Seat belts ought to help here also.

Many persons shudder when they read about the death toll from highway accidents but would shudder more if they knew the rest of the story. For every person killed, 10 are incapacitated for life and 100 sustain injuries requiring medical attention. The highways have replaced micro-organisms as the major cause of death and disability. Traffic safety is a fertile field for research in life conservation.

The problem is particularly serious among men, as their mortality rate from accidents is twice that of women. The most dangerous period is between ages 20 and 24, when the ratio of the mortality rate between men and women is 6½:1; between 15-19 years, it is 3½:1. Motor vehicle casualties are responsible for three out of five deaths at ages 15-19 and for two out of three at ages 20-24.

Parents cannot be blamed for worrying when their teenagers are out in a car. A smart parent will refuse to ride with boys who have a reputation for driving like maniacs.

While the pedestrian is no match for an automobile when they meet head on, it is safer to walk. The death toll is far greater among the occupants of cars than among those on foot. Eight thousand pedestrians are killed annually and the majority are young children and older people.

CONGENITAL, NOT HEREDITARY
Mrs. W. writes: Is cataract hereditary?

REPLY
No. This disorder may develop in children of mothers who had an infection such as German measles during pregnancy. In this respect, cataract may be present at birth but it results from a developmental defect rather than heredity. Senile cataracts stem from degeneration of the lens.

KISSING NOT NECESSARY
Mrs. T. writes: A 5 year old child in our family has infectious mononucleosis. She has never been kissed on the lips by anyone. How could she have caught this kissing disease?

REPLY
Via the air. Transmission by kissing is more likely to occur among young men and women.

TESTING, TESTING
J. M. writes: Is there a test to determine whether a person is sensitive to penicillin?

REPLY
Yes; a small amount of the antibiotic is placed in an eye or on the skin and the reaction, if any, is noted.

COD LIVER OIL
Mrs. T. writes: Is cod liver oil given to children any more in the winter months?

REPLY
Yes, it is essential up to age 2. Thereafter, relax.

Business Mirror

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The Cuban revolution is only one of a multitude of uncertainties today facing Americans with investments and trade abroad.

In all parts of the globe 1959 should offer answers to questions now baffling American business planners.

Here is the stake: American private investment abroad is approaching 37 billion dollars, the Department of Commerce reports. The total exports of commercial merchandise by American concerns in 1958 is estimated at 17 billion dollars by the National Foreign Trade Council—and with luck it should rise in 1959.

Here are some of the trouble spots:
CUBA: Americans have about one billion dollars invested in the sugar, oil and tourist industries. The uncertainty: what the attitude of the new Castro government will be toward outsiders. For the sugar trade and American consumers the question: Will the approaching sugar harvest enter

world trade on schedule, keeping American refineries busy and the price of sugar here stable?
VENEZUELA: The old 50-50 split of profits between American and other oil companies and the government has been changed to 40-60. U.S. concerns are protesting getting the short end of the deal and the final outcome is still up in the air. Worrying them as much as anything is the effect this example could have on their vast holdings in the —

MIDDLE EAST: Already some inroads have been made on the traditional 50-50 arrangement; more are being talked up. Also furling the brows of oilmen is the general political unrest. Nationalism, communism and the Israeli question keep Americans on an almost daily alert.

INDONESIA: Political strife has had the oil and rubber companies on the defensive. All is quiet at the moment but Americans are not sure for how long.

ARGENTINA: How to develop the oil industry there is just part of a general fiscal crisis, with Americans in the thick of it.

BRAZIL: A monetary crisis keeps American companies watchful. The coffee surplus — and what's to be done about it — will affect both American roasters and consumers.

THE COMMON MARKET: France, West Germany, Italy, Holland, Belgium and Luxembourg are starting a lengthy process of lowering tariff walls among themselves and presenting a common tariff front to outsiders. Americans fear that will make it harder for them to sell in the six nations, and will make it easier for the six to take world markets away from Americans. U.S. companies also are wondering if they should open more plants inside the common market.

RUSSIA: The uncertainty here is global now. The Soviets have declared a trade war on the United States. They are out to take world markets from us wherever they can and when it suits their policies to try.

MRS. MICHAEL D'ANGELO, JR.

Miss Nancy Margaret Blair and Michael D'Angelo, Jr., were married Saturday morning, December 27, in Holy Redeemer church by the Rev. J. H. Seybold.

Afterwards, there was a small reception for members of the families in the home of the bride's parents, Mr. and Mrs. Harold W. Blair. Mr. D'Angelo is the son of Mrs. Ellen M. D'Angelo and the late Michael D'Angelo, Sr., of Warren.

The bride, escorted by her father, wore an ivory silk satin gown, fashioned with an all-over lace-trimmed portrait neckline, long sleeves, a fitted bodice, and a bouffant skirt ending in a church train. A flowing veil was attached to a matching lace coronet, and she carried a cascade bouquet of white lilacs and stephanotis.

Mrs. D'Angelo was graduated from The Madeira School, Washington, D. C., and Jefferson Medical College School of Nursing, Philadelphia. She also attended the University of Michigan.

Her husband was graduated from Allegheny College and also attended Northwestern University. Mr. D'Angelo is a veteran of the United States Army and is associated with Lithomailers Corporation in Chicago. Mr. and Mrs. D'Angelo will reside in Chicago after returning from their wedding trip.

Former Youngsville Girl Holiday Bride

Friends and relatives in Warren and vicinity will be happy to learn of the holiday season wedding of Miss DeAnna Teemley, elder daughter of Mr. and Mrs. M. D. Teemley of Fort Mitchell, Ky., and Jesse O. McCrocklin, son of Mrs. Loretta Owensby of Cincinnati and Harold McCrocklin of Covington, Ky.

The Teemleys are former Youngsville residents and among wedding guests were Mr. and Mrs. Ernest Brown and children, Connie and Gary, and Mr. and Mrs. Donald Miller, of that community.

Dr. Clarence Lasseter, pastor, performed the ceremony at 1:00 p. m. December 20 in the Fort Mitchell Baptist church. Dale Carr was at the organ for traditional nuptial music.

Given in marriage by her father, the bride was lovely in white peau de soie with lace bodice, scalloped neckline, short sleeves and cocktail length skirt. With it she wore a crown of white feathers combined with pearls, from which swirled a shoulder length veil. Her gloves were of lace and her bouquet of white carnations and holly was centered with an orchid.

Miss Darlene Teemley was her sister's only attendant, and Bernard McCrocklin was best man for his brother. The maid of honor wore peacock blue peau de soie, in style identical to the bride's gown. A face veil edged her matching feathered hat, and her bouquet was a cluster of carnations, tinted blue, and accented with tiny Christmas ornaments.

Wearing white carnations, Mrs. Teemley was in royal blue jersey and lace, Mrs. McCrocklin in navy blue faille.

After a reception at The Cabana at Elanger, Ky., the couple left for a wedding trip through Kentucky and surrounding states. They will live at Fort Sill, Okla., where Mr. McCrocklin is a first sergeant in the Army.

He did not realize that he was wide open in the heart suit and that nasty opponents have the habit of opening the wide-open suit. Anyway, West did open a heart against the final three no-trump contract. North's queen lost to East's king and a heart return cleared the suit.

South made a desperation try for his contract. He led the queen of clubs from dummy but the finesse lost and he wound up down three.

Look how much easier matters would have been if South had made the proper response of two clubs. North would have bid two no-trump and East could have opened a can of soup for all it mattered. North would have made at least four no-trump.

BY MRS. MURIEL LAWRENCE

Hanno was my best friend when I was a little girl. Late one holiday eve her grandparents arrived for a visit. In the car they brought other unexpected guests, her Aunt Dell and Uncle Harry.

Apparently, after the first excited exchange of greetings and gossip, the question of seating arrangements came up. Though the guest room had been prepared for Grandma and Grandpa, nothing had been planned for Dell and Harry.

Someone must have suggested the davenport, for Uncle Harry slept on it that first night while Aunt Dell was retired to Hanno's room.

Lights were switched on, valises opened, whistles exchanged, and Hanno was aroused from the kind of dreaming you do when you're 8 years old to find in her bed a cold-footed grownup she'd met once in her life.

The next night, as Dell and Harry complained of their separation, Hanno was dismissed from her bed and assigned to the davenport.

The following day she still splottered with rage. We played school with her new blackboard but she kept interrupting the game to say fiercely to me, "They never asked me! They just took my bed without asking me!"

The fact is, nobody ever asked her to do anything. They told her to.

And as any protest was generally disapproved, she gradually became a paragon of obedience.

When she was grown up, she joined the Communist party, that organization which makes such efficient use of its members' mingled needs for vengeance and submission.

No, I'm not suggesting that all children whose beds are commandeered for visiting relatives become revolutionaries.

I'm just saying that their beds are their private property, and that if we want them to develop real respect for a society that is based on ownership of private property, we can't deprive them of theirs without at least asking.

Behaving like commissars on these occasions is not very bright. (All rights reserved, NEA Service, Inc.)

Sugar Grove Free Methodist Program

SUGAR GROVE—The Free Methodist Sunday school presented its Christmas program before a large audience. Opening with singing of appropriate hymns, and prayer by the superintendent, Mrs. George Craker, the program featured recitations, dialogues, songs, exercises, and message by the pastor, Rev. Williams.

Participating were Bobby Brown, Douglas Martin, Frank Dean, Ricky Jenkins, Sandra Durnell, Dale Huddleson, beginners, primary and intermediate classes, Evora Thomas, Barry Martin, Martin Barnes, Everett Dean, Sharon Chandler, Sandra Martin, Faythe Thomas, Mabel Craker, Dorothy Allenson, Jimmie Williams, Betty Thomas, Karen Penley, Rev. Williams, Serrill Brown, Russell Jenkins, Dean Martin, Jimmy Penley, Linda Brown, Earl Thomas, Robert Peterson and Vallorie Martin.

Miss Reese received and presented to the pastor a gift from the congregation, also a gift to Mrs. Craker.

Mrs. Craker presented Bibles as attendance awards to Jerry Craker, Paul Brown, Leslie Craker, Wesley Craker, Earl Thomas, Wilson Mack, Evora Thomas, Faythe Thomas, Jimmie Williams, Barrie Martin, Ronald Chandler, Thomas Martin and Glenn Martin. Other awards were presented to Christine Allenson, Judy Williams, Joyce Williams, Ricky Jenkins, Douglas Martin, Betty Thomas and Vallorie Martin.

Ruth Ann Carlson, daughter of Arthur Carlson, former resident here and now attending Roberts Wesleyan College, played an organ solo. The program closed with group singing, and benediction by the pastor, after which treats were presented under Mrs. Craker's direction.

What did they miss most from their homeland?

"The taste of good sharp cheese," said Cecily. "Here all your cheese seems to be processed."

"We both missed the year-round greenness of England," added Hilary.

What quality do they think the British have that Americans lack? "An ability to amuse themselves," said Hilary, after a thoughtful pause. "The British are more self-sufficient in the use of leisure. The American is likely to be at loose ends if he doesn't find something outside himself to entertain him."

And Cecily added: "The British young people have more respect for their government, their police, and their elders."

But both girls agreed they'd had a wonderful time and would like to come again. They also think it would be a fine idea if more American working girls would go to Britain and Europe and learn about living conditions there on a similar job-travel program.

"The best way to learn a country is to work in it," said Hilary.

Wilmington Wedding

Married in Wilmington, Del., November 29, Mr. and Mrs. Russell C. Wagner have returned from a New York honeymoon and are residing at Willow Run, Wilmington. The bride is the former Doris C. Sechrist, daughter of Mr. and Mrs. Earl Sechrist, Warren; Mr. Wagner's parents are Mr. and Mrs. Solomon Wagner, Winterthur, Del.

The double ring ceremony was performed by the Rev. J. Elmer Leas, with wedding music by C. Perry Streith and Robert Impt, both of Wilmington.

Given in marriage by her father, the bride wore floor length satin and tulle, with lace and iridescent trim. A pleated tulle cap, accented with seed pearls and iridescents, held her fingertip veil of hand-rolled imported illusion, and her cascade bouquet of white mums had white ribbon ties.

Wearing floor length taffeta gowns, the matron of honor was Mae R. Sims of Newark, Del., in frosted apple rose; Gloria Ann Swanson, bridesmaid for her

cousin, was in mint green. Matching hair-braid tarras held their circular veils.

Richard Spiles, Newport, Del., was best man; ushering were Ralph Sechrist, Warren, and J. Philip Hough, Winterthur, Del.

A reception for 75 guests followed in the church social hall, where the three-tier cake was cut by Mrs. Margery Smith, the guest book was managed by Mrs. Clair Benson, and coffee was poured by Mrs. Alice Brasington, all aunts of the bride. At the punch bowl were another aunt, Mrs. Florence Swanson, and Mrs. Margaret Swanson, and Mary Kay Klein.

Guests included Mr. and Mrs. Earl Sechrist, Mrs. Margery Smith, Mr. and Mrs. Elmer Ploss, Warren; Mr. and Mrs. Clair Benson, Bonnie Benson, Russell; Carver Wiltsie, Akeley; Mrs. Florence Swanson, Jamestown; Mrs. Alice Brasington, Tionesta.

The bride-elect was honored with a shower party given by her mother, Mrs. Sechrist, and her aunt, Mrs. Margery Smith. The rehearsal party was given by Mrs. Mae Sims, of Wilmington.

PRE-SCHOOL GROUP

The January meeting of Pre-School Guidance Group will be held Tuesday evening at the home of Mrs. Victor Hornstrom, 27 Glenwood street, when the Warren County Youth Ambassador, will be the guest speaker.

Friendship With Our Own Is Often Hardest of All

If you want to stay friendly with your children through the years—
Stop whatever you're doing when they want to talk—and let them alone when they obviously don't want to answer questions. Try to find some good in all of their friends.
Give them some privacy in their own home.
Recognize as inevitable the stage when they would rather do things with their friends than with their family.
Don't offer advice every time they have a problem. Encourage them to work out their own solutions instead of offering yours.
Don't take their daily ups and downs too much to heart. The parent who says calmly "It could be worse" is often more comforting to a child than the one who takes a child's disappointment harder than the child does.
Don't act "hurt" when you are really angry. Honest anger honestly expressed does a lot less damage to a relationship than a parade of hurt feelings.
Don't resent the fact that when your children start to think for themselves their opinions sometimes conflict with your own.
When you ask your children to do a job for you don't always insist on its being done your way.
Don't tattle to others the things your children tell you in confidence.
Let your children make as many of their own decisions as you can safely trust them to make.
Be flexible enough to let your children entertain on the spur of the moment if you really want them to bring their friends home.
Don't remind them all the time of all the things you do for them.

Many Activities at Sugar Grove Church

SUGAR GROVE—Members of the Free Methodist church, including all ages, have had a busy holiday round of activities in addition to the annual Christmas services and special programs.

Following their practice session for the Christmas program, the beginners, primary and junior departments had a party at the home of Mr. and Mrs. Theodore Allenson, with 28 children present. Supper was served at a pretty holiday table; games were enjoyed under the direction of Nancy Kellogg, Mrs. Sam Martin and Mrs. Serrill Brown; gifts were presented to the youngsters from the Christmas tree. Mrs. Lewis Peterson, Mrs. Russell Jehkins, Mrs. Robert Williams assisted Mrs. Allenson with lunch.

The Intermediate Class was entertained by Mabel Reese at the Ernest Landin home, with nine children present. Games were played and supper served by Miss Reese, assisted by Mrs. Landin, after which gifts were distributed to the guests.

Young people of the church were also entertained by Miss Reese at the Landin home for a Christmas party. Games were played, a film, "A Boy and His Bible", was shown, and refreshments were served by Miss Reese, assisted by Mrs. Theodore Allenson, Lillian Landin and Mrs. Robert Landin.

Following the weekly prayer service at the church, women of the Missionary Society, packed baskets for shut-ins and needy families and these were distributed for Christmas.

All members of the church were invited to attend the Watch Night Service at Warren Free Methodist church, sponsored by Warren County Holiness Association.

freshly adopted, then Rule No. 22, with its protection for a filibuster against a rule change, doesn't apply, doesn't exist, and can't work.

In short, the northerners argue: Until new rules are adopted, the Senate will not be operating under Rule No. 22 or any other previous rule but only under parliamentary law.

This will lead to argument on whether parliamentary law, where rules are concerned, requires a simple majority or two-thirds vote. And no doubt there'll be a filibuster of some kind.

All this should cause a parliamentary snafu on a grand scale.

Consecration of Altars at New Church Jan. 11th

Consecration of the altars of the new St. Joseph's Roman Catholic Church will take place next Sunday, January 11th, at two p. m.

Monsignor William Sullivan, of Titusville, has been appointed by Archbishop John Mark Gannon of Erie to preside at the ceremony, to which all the members of the parish, are invited. A solemn high mass will follow the consecration at five p. m.

Regular schedule of masses for Sunday will be carried out in the old church Sunday morning; it has been announced.

About 70 men of St. Joseph's parish attended a meeting at the parochial school Sunday when several matters of interest in connection with the proposed move to the new church were discussed.

A larger ushers' group is being formed to handle this detail at the new edifice. Richard Harrison was elected president of the Ushers' Society and he selected Leo Weidert and Bob McCoy as aides. Frank Fiesl was elected chairman of a group to look into the possibility of converting the old church into a recreation center for the parish. He will

name a committee to work with him on the project.

The Rev. Alfred Bauer, pastor of St. Joseph's church, was in charge of the meeting and in speaking to the group, advanced the possibility of organizing a Male Choir for the new church. The matter will get further attention at a later meeting.

Mr. Harrison has called an ushers' meeting for Wednesday night at 7:30 in the school hall.

Questions and Answers About Warren Schools

Questions for this column on Warren schools are answered by Dr. Carl E. Whipple, superintendent. Readers are urged to send suggestions for questions on curriculum, teaching, school construction and other school topics to School Editor, Times-Mirror.

Question:
Parents are told that the home should cooperate with the school and give help and support. What exactly does the school expect of parents?

Answer:
"The first and most important thing is an interest in the child's education. You should ask your son or daughter frequently what he is doing in school, and take the time to listen to him. Then when he gets to fifth or sixth grade he ought to start doing regular home studies. For this to be successful he has to have a satisfactory place to study, with good light and enough work space for proper writing conditions."

"From there on it's a case of helping the child to establish regular habits of study. Ask him what his homework is, and after it is finished take a look at it to see whether it is neat and seems to be complete. Parents who like to work out algebra problems can do so, of course, but that is really the teacher's job—correcting homework daily."

"If report card grades are poor the parents should call the teacher in the grade schools and the Guidance Department at Beatty or High School to arrange a conference."

"I don't recall complaints here about 'Why Johnny Can't Read,' but as I say at PTA meetings, how can you expect Johnny to read if you, yourselves, don't read? You must have good reading material in the home. Visit the public library often!"

Question:
What actually is the Dewey System of "life adjustment?" It has been in the news so much of late. Is such a system used in Warren?

Answer:
"John Dewey was a philosopher who loved the abstract ideas. As such, he was misunderstood by most people. He taught that the child and his development were more important than was the subject which the child was studying, and that children, if they learn material so that they can actually use it, must be changed during the learning process. Dewey said if the things the child learns are to be used right by him the different subjects must be related in the child's mind."

"A distortion took place. Whether Progressive Education was Dewey theory is questionable."

"No, we do not use the Dewey system in Warren. We try here to follow a middle of the road policy, keeping in mind the ability of a child and his interests. We try to teach him as much as he is able to learn. We also try to follow as many new trends as are practical for Warren."

Question:
What authors are studied in the new college preparatory English classes for Warren High School seniors? Do the boys and girls memorize lines?

Answer:
"Yes, students are asked to memorize parts of the classics. We do not confine our literature to the classics."

To review, in tenth grade the pupils must read Shakespeare's 'Julius Caesar' and George Eliot's 'Silas Marner.' In 11th grade they study American literature, although there is still an argument over whether this is great literature."

All senior boys and girls who say they are going to college—about one half of the 1959 class—study all of Shakespeare's 'Macbeth' and his four Elizabethan songs. They also study Chaucer, Milton, Steele, Addison, Thomas Gray, Burns, Wordsworth, Coleridge, Charles Lamb, Scott, Byron, Shelley, Keats, Dickens, Tennyson, Browning, Yeats, O. W. Russell, Padraic Colum, Housman, De La Mare, Massell, Noyes, Dylan Thomas, 'Let's, Rupert Brooke, Gibson, T. S. Eliot and W. H. Auden."

In other English classes we give as much classic literature as we feel the students can take. Writing essays and themes is part of the work in all classes, as is memorizing lines."

GARLAND

GARLAND—A large crowd enjoyed the Christmas program at the Presbyterian church, with Peggy Briggs giving the welcoming address. Carols were sung by the different Sunday school classes, and three Christmas movies were shown by Norman Taylor. Children of the Sunday school exchanged gifts and were presented with a stocking of candy.

Prices and Earnings Reported Near Record

PITTSBURGH (AP)—The U. S. Dept. of Labor reports that prices and earnings were near a record high in the Pittsburgh area as 1958 drew to a close.

Consumer prices rose 2.8 per cent in 1958, compared to a 2.5 per cent increase in 1957, the department reported in a statement Sunday. Pittsburgh mill workers earned an average of \$104.34 a week toward the end of 1958, according to department figures.

Employment, however, was less in 1958 than the previous year, the department said, mainly because of the business recession that ran through the early months of the year.

TURNPIKE FATALITY

BEAVER FALLS, Pa. (AP)—An auto crashed into a guardrail along the Pennsylvania Turnpike six miles east of the Ohio line Sunday, killing a passenger, Mrs. Mary Smith, about 70, of Ardmore, W. Va.

The driver, Donald C. Durst, 21, of Akron, Ohio, and another passenger, Hazel Pratt, also of Akron, escaped unhurt.

The Chinese are said to have been the first to use sea urchins as a remedy for gonorrhea, 4,000 years ago.

Local Program Planned for Jaycee Week January 18-25

In conjunction with the national celebration of Jaycee Week January 18-25, the Warren Junior Chamber of Commerce has scheduled a full program. Highlight of the week will be the annual Bosses' Night Banquet on January 22 at the Marconi Outing Club. The banquet is one of the most enjoyable functions of the local Jay-

cee chapter and Jaycee committee members look for another large attendance.

The climax of the banquet is the presentation of the Distinguished Service Award to a young man in Warren who has been selected the outstanding contributor in leadership and service to the community during 1958. Any person in the Warren area may nominate a young man to receive the DSA award.

The rules governing the nomination and selection are as follows:

1. The Junior Chamber of Commerce Distinguished Service Award is presented annually to an outstanding young man of the community for leadership and service to the community during the past year. The nominee need not be a member of the Warren Jaycees.

2. Any young man between the ages of 21 and 35 is eligible for nomination. If the nominee reached his 28th birthday before December 31, 1958, he is eligible for the award based on activities when he was 35 years old.

3. The judging committee will be composed of distinguished citizens of the community who are over 35. Their decision will be based on 1. Contributions to community welfare during the year; 2. Evidence of leadership ability; and 3. Evidence of personal or business progress.

4. All nominations must be received by the committee by January 15, 1959. Address entries to:

D S A
Box 147
Warren, Pennsylvania

Nomination blanks are available in the lobbies of the Warren National Bank, Warren Bank and Trust Company, and will also be published in the local newspapers.

Times Topics

CD POLICE CLASS STARTING

This Wednesday another course for Civil Defense Auxiliary Police training will start at 7 p. m. in the Court House small court room. Anyone "just slightly interested" is invited to attend this organization meeting. Classes are to be conducted for eight Wednesdays. Men must be over 21, of good character, interested in community service.

KIWANIS VISITOR

J. Kenneth Winter, lieutenant governor, will be a guest at the meeting of Warren Kiwanis Club, 12:1 p. m. Wednesday in the YWCA activities building and will install local officers elected to serve in 1959.

LIONS' MEETING

Lions Club members are asked to make a special effort to be in attendance Tuesday for their first business meeting-luncheon of the new year, 12:15 p. m. in the YWCA activities building.

ROTARY SPEAKER

Guest speaker for today's luncheon-meeting of Rotary Club, 12:10 p. m. in the YWCA activities building, was Miss Mary M. Miller, local girl attending Mexico College in Mexico City. Her topic was "Can Mexico Go Modern Through Industrialization?"

JACKPOT WINNER

Mrs. Letha Ace of 1004 Fourth avenue won \$120 at the 400 Block Jackpot drawing Friday evening. A crowd of approximately 600 was on hand for the "greatest thing" which ever happened to the 400 Block's booming business. Next week's jackpot: \$100.

High School Notes

A Pep Club meeting for members and interested students will be held in the cafeteria after school on Tuesday.

First rehearsals for the "Evening of Plays" will take place this evening at 7 o'clock in the auditorium. All members of all four plays should report at that time.

Youth Canteen Board will meet tonight at 8:00 in the SPOT.

The SPOT will be open for recreation from 8:30 to 9:30 tonight.

F.T.A. members will meet Tuesday evening at 7:00, January 6, in room 214.

All students are reminded of F.E.L.A. banking Tuesday morning in the front hall from 8:00 to 8:25.

All boys who are playing intramural basketball are reminded that there is no practice tonight. The first half will begin on Wednesday. All boys are asked to check their schedule to see what time their team is playing.

In G.A.A. basketball, Tuesday, January 6, the Owl's will play against the Parakeets and the Ravens against the Monowals.

THE FACES OF BATISTA: CUBA'S DICTATOR ---

For 25 years almost all news emanating from the island republic of Cuba has centered around one man—Fulgencio Batista. Back in 1933, Batista, then an army sergeant, came to power as leader of the rebel junta of noncommissioned officers and privates which seized control of the army. Up until New Year's Day, he fought the hardest battle of his career to keep control of his empire. Born in January 1901, in Banes Oriente Province, mountainous stronghold of his current challenger, Fidel Castro,

Batista has been a farmer, cane cutter, army court stenographer, revolt leader, boss of the Cuban army, exile, senator and president. Labeled a "dictator" and "strong man," which he is, there is another side to Batista. He has the ability to relax, to break out with an easy smile, to appear perfectly at ease. A favorite with the ladies, Batista has married twice and has five children. Below are some of the faces of the working class boy who reached the heights and stayed there for 25 years.

Erie Phone Workers Reject Contract Offer

ERIE, Pa. (AP)—Employees of General Telephone Co. of Pennsylvania have rejected a company proposal for a new contract and authorized strike action if it is deemed necessary.

Three locals of the International Brotherhood of Electrical Workers conducted the secret balloting Sunday in Erie, Johnstown and Oil City. Terms of the company proposal were not made public.

The company serves customers in a wide area of western Pennsylvania. About 900 union members are employed by the firm. LeRoy Doehrel, secretary-treasurer of the joint board for the three locals said it is the second time the membership has rejected the company proposal which first was submitted last December.

The old contract scheduled to expire Dec. 28 was extended by mutual agreement until Jan. 23. Doehrel said the union has no meeting scheduled with the company.

Union demands were not made public.

Erie Man to Speak at Cancer Society Meeting

Word has been received by Dr. Richard Peters, president of the Warren County Unit, American Cancer Society, that Dr. Ralph D. Bacon of Erie, will be in Warren to speak at the Society's board of directors meeting and formally present each member with the Board Members' Handbook.

Dr. Bacon is a past president and a delegate at large of the Pennsylvania Division of the American Cancer Society; Dean of Radiology in the Erie area

and Chief Radiologist at the Hamot and St. Vincent Hospitals in Erie.

All board members are urged to be present at the meeting Tuesday evening, scheduled for seven o'clock, to hear Dr. Bacon.

SANITARY AUTHORITY RE-ELECTS OFFICERS

Warren Borough Sanitary Authority re-elected its officers at a noon meeting today. Returned to positions were: Robert Kopt, chairman; William Cressett, vice chairman; W. Floyd Clinger, secretary; Robert Dunham, treasurer; Byron Knapp, assistant secretary-treasurer. The Authority heard a report that the plant would be in almost complete operation within a month to six weeks, according to Borough Solicitor S. Knox Harper.

RESTORATION MAN HERE

C. Edwin Hultman, former Hinkle street resident of Warren, was in the Court House this morning checking old files for his book-binding company in Pittsburgh, "Ed," who said he at one time delivered a local morning paper for J. B. Leidig, now runs a company which restores public records showing ravages of wear and time.

SUPERMARKET ENTERED

Warren Supermarket at 48 Pennsylvania avenue east was entered again, some time between when the store closed at 9 p. m. Sunday and when it reopened this morning. Police Chief Mike Evan said that after a preliminary check, the only thing ascertained to be missing was some dried beef upon which the intruders feasted. No money is kept in the store after a burglary some months ago devastated it of a few hundred dollars. Entry, as usual, was gained through a cellar window.

PERFECT CRIBBAGE HAND

Don Schuler, North Warren, assistant office manager of the Warren County Motor Club, had the thrilling experience of holding a perfect hand while engaged in a game of cribbage with Dr. R. C. Maneval, of the State Hospital staff, Saturday evening at the Schuler home. Schuler was dealt the jack of hearts, and five spots in spades, diamonds and clubs, and almost fell off his chair when the five of hearts was cut. He says this is the first time in 35 years of playing cribbage that he has been in a game when a perfect hand came up. Needless to say it will be framed.

Marriage Licenses

William George Porter and Carrie Jean Calhoun, both of North Warren.
Charles Robert Andersen and Mildred Melissa Delp, both of Warren.

CARD OF THANKS

Mrs. Gertrude Beach and family wishes to express their sincere thanks to all the relatives, neighbors and friends who extended their sympathy, for the many kindnesses, beautiful floral offerings and cards, also the use of cars, at the time of their recent bereavement.
Also extend their thanks to Dr. Lowe and the nurses at the hospital during Mr. Beach's illness.

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

Alice M. Mead

Miss Alice M. Mead, a former Warren resident and niece of the late Judge D. U. Arrid, died Tuesday, December 30, in Clearwater, Fla., following a short illness. Miss Mead was a member of First Presbyterian church of Warren; and of General Joseph Warren Chapter, Daughters of the American Revolution.
She is survived by a brother, Dr. George Mead; a nephew, Donald U. Mead, Parkersburg, W. Va.; two nieces, Mrs. John Engel and Mrs. John Dyer, Clearwater; also two cousins, Mrs. Robert Radspinner and Mrs. James Tyson, Warren.
Services in her memory will be held at a local funeral home at 1:00 p. m. Wednesday, conducted by the Rev. Donald H. Spencer of First Presbyterian church and followed by interment in Youngsville cemetery.

Margaret E. Miller

Miss Margaret Ellen Miller, 55 year old resident of 23 Jefferson avenue, died in Meyer Memorial Hospital in Buffalo at 6:00 a. m. Sunday, following an illness of several months.
Born in Kane on November 28, 1903, Miss Miller had lived in Warren the past 36 years. A graduate of Hoff Business College, she had held several office positions, later becoming associated with William F. Cressett, Inc., where she was employed in an official capacity at the time of her illness and death. Miss Miller was a member of First Presbyterian church and of its Dickinson Class; and an active member of Warren Business and Professional Women's Club.
Surviving are three sisters, Mrs. Dan V. Lowe, Salamanca, N. Y.; Miss Ethel Miller, at home; and Miss Gladys Miller, Buffalo, N. Y.; also three nephews and one niece. Her parents, two brothers and a sister preceded her in death.
The Rev. Donald H. Spencer, minister of First Presbyterian church, will conduct services in her memory at 2:30 p. m. Wednesday and interment will follow in Maple Grove cemetery at Frewsburg.

Peter Hollister

CORYDON—Word has been received here of the death of Peter Hollister, of Canandaigua, N. Y., brother of Clarence Hollister, of this community, and a son of the late Frank Hollister. He spent his early life in Corydon, and is survived by his wife, Mattie Butler Hollister, a one-time resident here.

George C. Smith

George Campbell Smith, 82 year old resident of Stoneham, in Clarendon RD 1, died at 7:35 a. m. Friday in Warren General Hospital, where he had been a patient for the last four weeks.
Mr. Smith was born at Donahy Hill in Elk county on September 11, 1886, and came here 36 years ago from Forest county. Prior to his retirement about two years ago, he had been employed by the Industrial Oil Corporation for the past 28 years.
Surviving are his wife, Laura B. Smith; three daughters, Mrs. Mary Gray, Warren RD 2; Mrs. Geraldine Frederick, Clarendon; Mrs. Phyllis Ferry, at home; also 13 grandchildren and four great-grandchildren; one brother, Harry Smith, of Sigel.
The Rev. Reed J. Hurst, of Epworth Methodist church, conducted services in his memory at 1:00 p. m. today, with interment following in Mt. Zion cemetery, Forest county.

Mrs. Mattie Wilson

Mrs. Mattie Wilson, widow of Grant Wilson and former resident of Cambridge Springs, died early Sunday morning at the home of her sister, Mrs. Bertha Burdick, Clarendon RD 1, at the age of 69. She was a member of the Baptist church at Cambridge Springs, also of the Rebekah Lodge 295.
Also surviving are a sister, Mrs. Mary L. Cottrell, and two brothers, David and Clarence Rodgers, all of Cambridge Springs; several nieces and nephews.
Funeral services will be held in Cambridge Springs at 2:30 p. m. Tuesday, with interment following in Edinboro cemetery. Rebekahs will pay their respects at the funeral home at 7:30 p. m. today.

George Misulich

SHEFFIELD—George Misulich, 83 year old resident of 40 Deerlick street, died early today after an illness of a year and a half.
Mr. Misulich was born January 6, 1875 in Nevelsko, Austria-Hungary, came to this country 54 years ago and had spent the past half-century in Sheffield. He formerly worked for the Sheffield Tanning Company and, later, for the Penn Bottle Company. He was a member of St. Michael's Greek Catholic church.
Surviving are seven children, Mrs. Mary Clark, Fredonia, Pa.; Joseph Misulich, Warren; Andrew Misulich, Ludlow; Michael Misulich, Mrs. Eleanor Korchak, Mrs. Margaret Blymiller and Mrs. Sue Burgason, all of Sheffield; 19 grandchildren, 4 great-grandchildren. His wife, Anna, preceded him in death March 13, 1956. Other survivors include a brother, Michael, in Endicott, N. Y.
Funeral services will be held at the church at 9:00 a. m. Thursday, Father Hilari Benedik officiating and interment following in St. Michael's cemetery. A panachida service will be held at the local funeral home at 8:00 p. m. Tuesday, and a parastas service will be held there at 8:00 p. m. Wednesday.

Funerals

Alice M. Mead

Friends will be received at the Lutz-VerMilyea Home from 10:00 a. m. until 12:00 noon, on Wednesday and services will be held there at 1:00 p. m. the same day. The Rev. Donald H. Spencer, pastor of First Presbyterian church, will officiate and interment will follow in Youngsville cemetery.

Margaret E. Miller

Friends will be received at the Templeton Funeral Home at the usual calling hours, starting at 7:00 p. m. today, and services will be held there at 2:30 p. m. Wednesday. The Rev. Donald H. Spencer, pastor of First Presbyterian church, will officiate and interment will follow in Maple Grove cemetery at Frewsburg.

Mrs. Mattie Wilson

Friends are being received at the Levine Funeral Home in Cambridge Springs, where Rebekah Lodge members will pay their respects at 7:30 p. m. today, and services will be held at 2:30 p. m. Tuesday. Interment will be made in Edinboro cemetery.

George Misulich

Friends will be received at the Borden Funeral Home in Sheffield, where a panachida service will be held at 8:00 p. m. Wednesday. Father Hilari Benedik will conduct funeral services at 9:00 a. m. Thursday at St. Michael's Greek Catholic church, with interment following in St. Michael's cemetery.

Failure To Pay State Sales Tax Is Charged

A local businessman is due for a hearing before the February Grand Jury on charges he failed to pay the state a sum of \$805 which the Commonwealth claims he collected as sales tax.
Specific charge against A. L. McCormison, former operator of Carlson Body Works, 214 West street, is fraudulent conversion of state sales tax.
McCormison has pleaded not guilty to the charge before Peace Justice Martha Lawson and is represented by Attorney R. Pierson Eaton.
District Attorney Samuel F. Bonavita says that between April 1 and September 30 of 1957, the defendant collected \$805.69. Twice the state attempted to collect the money that year and twice could not, according to the record of the case.

Worst Winter Shows No Signs of Abating

The winter season, which started Thanksgiving weekend and has continued without letup since, shows no sign of diminishing in 1959.
Temperature this morning was a cold, gusty 7 degrees above zero and the mercury by noon had climbed only to 10 above. Predictions were that a five to ten degree below zero reading would be felt Tuesday morning.
Two inches of snow fell during the night and though main roads remain open despite wind-whipped gusts, some secondary byways were clogged and school buses were reported not moving in the Cole Hill area.
Other highways were icy and snow covered. Authorities advised caution.
Weather Observer "Uncle Jim" Reier reported that 41.09 inches of precipitation fell in Warren during 1958, making it the second wettest of recent years. During record 1956, the year of the flashfloods, 48.93 inches of rain fell. In 1954, 44.60 inches fell.
In 1955 and 1957, the totals were 40.06 and 40.84 respectively.
During the December just concluded, there were 17.2 inches of snow, brought on by 123 inches of water. It snowed on 17 days during the month.
Weather Observer Reier noted that the minus 6 degrees recorded in December gave 1958 the coldest temperature to be reported in Warren since official records were begun in the early 50s.
In nearby Jamestown, where weather observation figures are more complete, Year 1959 was called the coldest in 32 years. Mean temperature was 48.97 degrees, compared to the average of 48.76 degrees. December in Jamestown had an average temperature of 21.3 degrees this year, about three degrees colder than any previous December on record. The Jamestown area also had its wettest summer in 20 years.

Two High School Athletes Injured In Crash in South

Conditions of Lou Mascaro and Dick Sorenson, two outstanding Warren High School athletes injured in an automobile accident near Marion, Virginia, early Saturday morning, continue to improve today in Marion General Hospital where they were taken following the mishap.
Word of the accident reached Warren Saturday afternoon. The boys were returning home from a Florida vacation where they were staying with Sorenson's aunt. It is believed Mascaro fell asleep at the wheel, his car leaving Route 11.
Mr. and Mrs. Eugene Mascaro, parents of the Dragon's crack quarterback, along with Mrs. Harold Sorenson, left for the Virginia town Saturday afternoon.
Lou is reported in a semi-conscious condition suffering greatly from shock. Word from the hospital today revealed Mascaro has a severe cerebral concussion plus bruises. Sorenson was expected to come home today following treatment for a kidney injury and bruises.

Several said they were able to get a small cup of coffee in Havana by standing in line for up to two hours.
They said the coffee was served through a hole in the door of a restaurant. The management refused to open the door for fear of looters.
The ship was scheduled to return to Havana today and resume its pre-revolution timetable of three trips a week. Officials said the ship would take any passengers wishing to make the trip.

Sen. Mike Mansfield of Montana, the assistant Democratic leader, already has attacked Eisenhower's contention the budget can be balanced at 77 billion dollars. Mansfield said revenue for the new fiscal year beginning July 1 won't exceed 75½ billion dollars, even if spending is held down.
To many who believed enactment of the 3 per cent sales tax in 1956 was the ultimate solution to the Commonwealth's tax dilemma the next legislative session will probably bring a surprise.

How Jones Drilled Olmedo for Davis Cup; Alex a U.S. Citizen?

By JIMMY BRESLIN—NEA

Great benefits have been derived, through the years, from the melting pot process which produces people and things for America.

Lasagna, for example, is as much a part of the national menu here as it is in Italy. And New York's Erie Barge Canal or another, still stands as a monument to the Irish and Italian immigrants who built it.

Now, the Davis Cup, a sumptuous piece of silverware which became the centerpiece of the mature tennis world, is back in America through the efforts of 22-year-old crew-cut from Peru, Alex Olmedo.

Some time back, certain members of the U. S. Davis Cup Committee were against placing Olmedo on the team because they didn't like the idea of having a foreigner representing this country. No figures are available on how many Indians play tennis. Olmedo came to this country in 1953 after an American tennis bug, Stan Singer of Los Angeles, saw him playing in Peru.

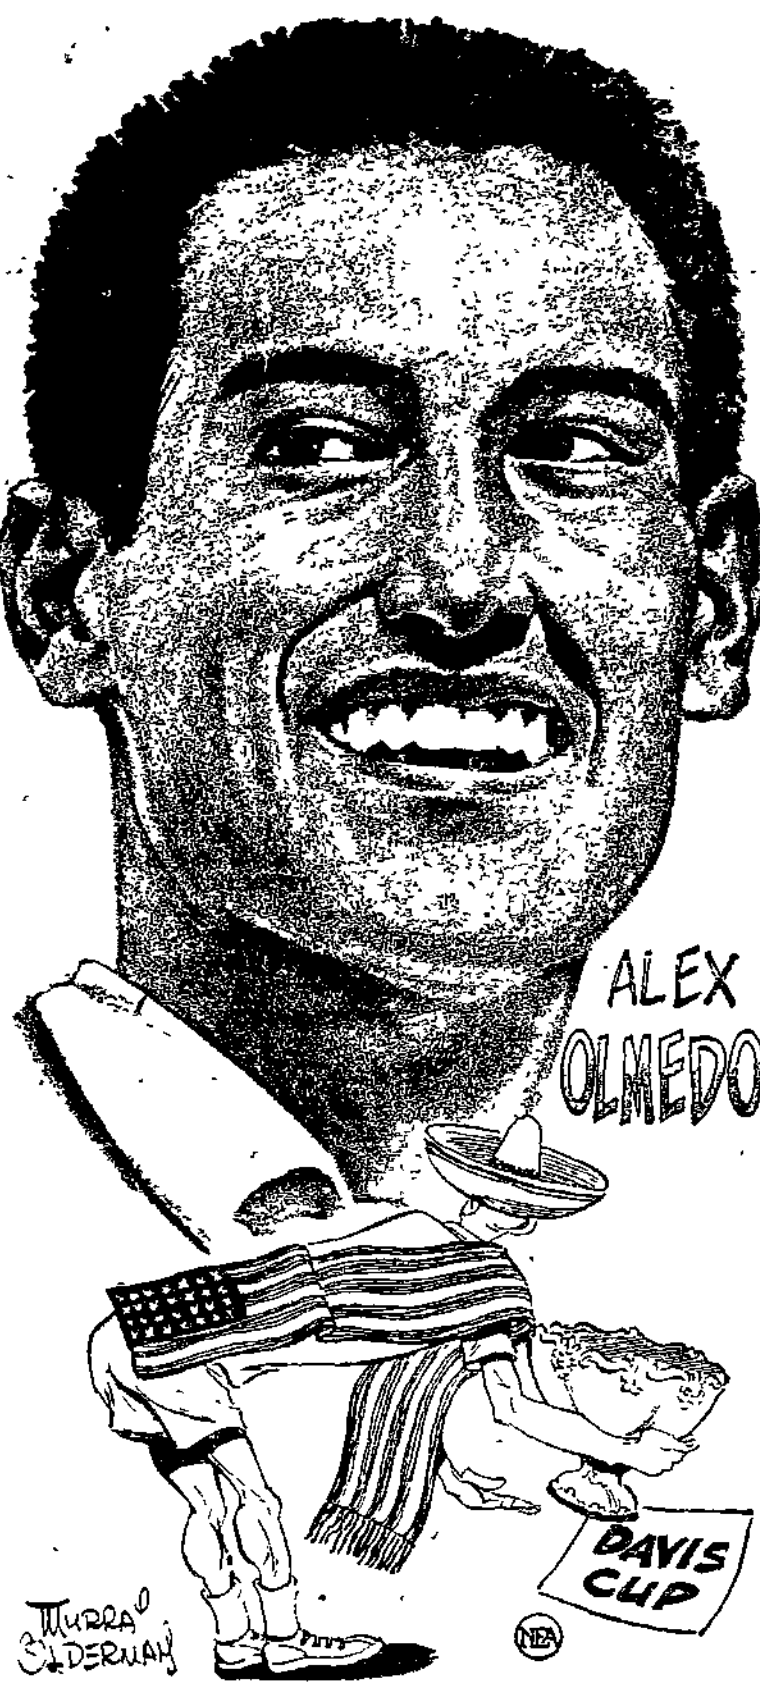

According to Davis Cup rules, a player can represent another nation if he has not played for his own country and has been living in the place he'll represent for at least three years.

Olmedo fitted this. So Perry Jones, the 70-year-old lookie U. S. Davis Cup boss, blandly went ahead and put Olmedo on the team which went to Australia. In one sweep he got America back to the top of international tennis—something nobody expected to happen for some time.

Jones knew what he was doing. In 1953 he was actively sponsoring Olmedo's American net career. He helped Olmedo enter University of Southern California and saw he was entered in the sprawling junior tennis program in that area.

"He is," Jones contended all that time, "the image of Pancho Gonzales. But he hits the ball harder. Nobody in tennis ever hit a ball harder. I saw this boy break three balls in two by the force of his first service."

GRACIAS, SENOR

Mononucleosis Gives Titusville a Loss

Mononucleosis has given Titusville Rockets a loss. Ron Warner, the Rocket playing star, is suffering from mononucleosis, a comparatively rare disease, and will probably be out remainder of season.

Mononucleosis is defined as "a condition of the body, sometimes infectious, characterized by the presence of an excessive number of mononuclears, especially in the circulating blood." Warren Dragons are scheduled to meet Titusville on the

Rocket court Jan. 23 in a league tilt, then in a return bout in Beaty Feb. 13.

Titusville Herald reported today that Warner, who is acknowledged as the big wheel in this season's Rocket team, became ill about Dec. 12. He was later taken to Titusville Hospital where his illness was found. He still is in the hospital.

A doctor said if he responds normally to medication and has no complications he might be well enough by mid-February to play. Coach Bus Shaner is disappointed at the loss.

Elliot Undecided on Plans To Visit U.S.

MELBOURNE Australia (AP)—World champion miler Herb Elliott was undecided today whether he could visit the United States in February to receive The Associated Press award as the outstanding male athlete of 1958.

"I don't know whether I will be able to fit in the trip as I have a series of Australian races which knock out February for the trip," said Elliott. The scheduled presentation of

Cincinnati Faces Important Game This Evening

By ED CORRIGAN
Associated Press Sports Writer

Humbled by two consecutive defeats in the Dixie Classic last week, Cincinnati and Big O, Oscar Robertson, jump right back into the fire tonight when they tangle with Bradley.

All last season, the Bearcats lost only three games. Bradley hooked them early in the campaign. Then it was Oklahoma State and finally Kansas State in the NCAA tournament. They took Bradley over the second time around however.

This is a big one for Robertson and company. Their pride has been hurt. More realistically, Bradley is rated the only team in the Missouri Valley Conference with the possible exception of St. Louis, with a chance of knocking Cincinnati out of the title.

The Braves also are undefeated, having raced past all eight of their opponents to date. They warmed up to their task by turning back Drake, 91-7, Saturday night.

Another worry for Cincinnati is the possibility of being knocked right out of the top 10 in the weekly Associated Press poll. None of the others in the select circle last week has lost more than one game and three—Kentucky, Auburn and Bradley—are undefeated.

Kentucky, riding along at the top of the heap with 11 victories—high in the nation—polished off Georgia Tech, 72-62, Saturday.

The award is Feb. 9 in Milwaukee, Wis.

Moyer Is Winner On Controversial Split Decision

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP)—Some kids want to grow up to be railroad engineers. Some want to be policemen. Some doctors Denny Moyer always wanted to be a fighter.

It was natural, Denny's father, Harry, was a pretty fair welter in the Pacific Coast area years ago. His uncle, Tommy, who now is the promoter in Portland, Ore., was a great amateur boxer. His older brother, Phil, is a good looking middleweight prospect.

At the age of 19, this handsome youngster from Portland is a professional boxer with 19 straight victories and no defeats. He almost lost his first bout Friday night at Madison Square Garden but he scraped home on a controversial split decision.

One of the judges, Artie Aidala, thought Mexico's Gaspar Ortega deserved the decision 63-61. But the other officials voted for Moyer. Referee Arthur Mercante had it 63-61 and Judge Nick Gamboli 54-41. The Associated Press card had it 64 for Ortega and 16 of 18 boxing writers polled at ringside voted for the Mexican. Most of the small crowd of about 2,000 seemed to agree with the decision.

The experienced Ortega, ranked No. 5 by Ring and No. 6 by the National Boxing Assn. in the welterweight class, had been an 8-5 favorite. A late switch made Moyer a 6-5 favorite.

Ortega, a sad-faced warrior from Mexico, Mexico has been in with the best in the class. He was eliminated in an early round of the welter tournament held to determine a successor to Carmen Basilio and lost two decisions to Don Jordan, the latest welter champ, during the fall.

The Mexican put pressure on Moyer who used a darting left jab and a sharp right uppercut with effectiveness early in the fight. Ortega bulldozed him with steady pressure in the middle rounds, shaking him up in the third and again in the fifth with a long overhand right to the head. Moyer weighed 148½, Ortega 146½.

Fellowship Honors College Grid Coaches

KANSAS CITY (AP)—Football coaches Paul Dietzel of Louisiana State, Pete Elliott of California and Bud Wilkinson of Oklahoma have been honored by the Fellowship of Christian Athletes "for their outstanding contribution to advancing the Christian character of American youth."

Clarence (Biggie) Munn, athletic director of Michigan State and FCA president, announced the awards today.

Buc Success No Surprise To Rickey -- "Matter of Time"

Phenomenal success of Pittsburgh Pirates last season was no surprise to Branch Rickey. Rickey, who started rebuilding the Pirates in 1950, today revealed in Sport Magazine that "all of us worked so hard and the group of players we assembled was so promising that I knew it was only a matter of time before everything fell in place."

When Rickey first came to the Pirates, the team was built around Ralph Kiner. He told Sport that Kiner "had good power and was a very nice young man, besides. But Ralph's other weaknesses were so great that if you staffed a team in the American Association with eight Ralph Kiners, I am afraid your team would finish last."

"The challenge was almost overwhelming," continued Rickey. "We started signing young players as fast as we could." The Pirates lost over \$2,000,000 in Rickey's five years as vice-president and general manager.

There were times when the club treasury was so empty that loyal employees voluntarily passed up their salaries. It was into this delicate situation that Joe Brown and his ambitious young organization moved aggressively. But only Rickey had the nerve and dedication to go so far to create a winner.

Another block was laid to Northern Area's wireless streak foundation Friday.

Panama Panthers orbited around the Knights 63-50 on the Panama hardwood as Northern Area caught their fifth consecutive loss of the cage season.

As the Reds launched their moon rocket, Northern Area launched 40 per cent of their 2-pointers through the mesh. NA dropped in six of 17 free tosses. Area cagers pulled ahead with a 13-11 first quarter lead but dropped back to a 29-26 intermission trailing.

Dwight Work spearheaded the Knights' drive with 18 tallies. Williams bucketing 13. Tom Rowe sparked the Panthers as he hammered the rim for 28 points.

Marquette Brings Back Blackburn As Warrior Coach

MILWAUKEE (AP) — Lisle W. (Liz) Blackburn, the man who coached Marquette University football teams from 1930 to 1933, was back on the job today after a lapse of five years.

And Marquette hopes he is the man who will lead the Warriors out of the football dumps. Marquette has won only 7 of 47 games since Blackburn's departure in 1933.

"There is a good deal of work ahead," Blackburn said.

Blackburn, 38, coached the Green Bay Packers for four seasons, winning 17 and losing 31.

He was fired after the 1937 season, then went to Carroll College in Waukesha, Wis., for a year and won 6 of 8 games.

Speaking of Sports

May be seeing some action (and good news) from Tom Gerarde soon.

Latest racing innovation — a head number on jockeys — as an additional means of identifying rider and mount.

Final matches of All-Star Tournament conducted by bowling proprietors will be nationally televised from Buffalo the night of Jan. 18.

Golf pros are squawking about the Hogans and Sneads hogging all international tourney spots, while current champs are ignored and not popularized.

In a near impossible bowling shot, Jean Round of Omaha picked off the 7 pin with her first ball. It kicked back and then knocked down number 10 without disturbing the other eight pins.

Dave Williams, Bradford, has been elected Penn State's head football manager for 1956. Dave is a junior. Norm Neff, Penn State's starting left end, recently won the university's intramural boxing championship in heavyweight division.

On Penn State's cross country team are Herm Weber, Eric Ed Moran, who toured Europe with the U. S. track and field team last summer, James City, Fred Thorwalt, Johnsonburg; Mike Miller, Kane; Steve Moorhead, North East, honorary captain of the 1955 freshman squad.

Buddy Dial (Rice) is from the fringe of Texas' big thickets north of Houston where Roy Harris comes from. Buddy knows all the Harris clan well. He also advises not to mess with Roy's young, pretty sister. Saw her pick up 160-pound weights, after a boy friend failed, and do a full press!

A freshman at Haverford College, David Sedwick is on the school's wrestling squad, 177-pound division. Dave graduated from Warren High in June, where he participated in football three seasons, rifle club, wrestling and golf (first season as a varsity sport) one year. He was a member of the choir, letterman's association and several other extra curricular activities.

Think basketball doesn't pay? Wilt Chamberlain now sports a white '59 Eldorado Caddy with fins. Also bought a house for his folks in Philadelphia, after which his lawyer got an added bill for \$3,300. "What's this, Wilt?" he cried. "We had to drop the foundation nine inches." Chamberlain shrugged, "otherwise my brothers and I couldn't have played in the recreation room."

Titusville wrestlers grappled sixth place in the big invitational tournament at State College recently. State College High School won the meet. Jim DeMille (Rocket) won runner-up spot in the 112-pound division, dethroned 4-2 by State's Tom Balent. Rockets who placed fourth were Chuck Granda (95), Mike Voisin (127) and Chuck Shaffer (154). Titusville Coach Bill Blood, while disappointed his boys could not bring back at least one title, feels his wrestlers got a lot of experience by participating and is hopeful THIS will be invited again next winter. Rockets meet Hal Miller's matmen on two occasions this season — Jan. 23 at Titusville and Feb. 13 at home.

Sports in Brief

Layne and Matson Star In Hula Bowl Contest

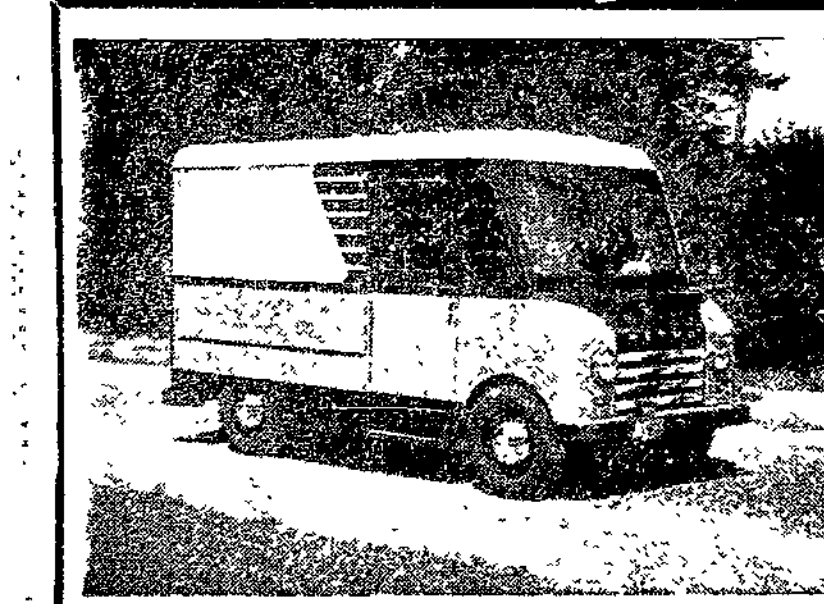

HONOLULU (AP) — Bobby Layne and Ollie Matson, who passed up the Pro Bowl game, starred Sunday as a professional team beat a band of collegians 47-21 in the 13th Hula Bowl.

Layne, a Pittsburgh Steeler quarterback, threw five touchdown passes, one a 60-yarder that end Billy Houston of Green Bay turned into a 91-yard touchdown play.

Matson, a Chicago Cardinal, was a big ground gainer. He and San Francisco 49er Joe Perry took the ball 75 yards in five plays in one fourth quarter drive.

Layne and Matson still have some accounting to do to National Football League Commissioner Bert Bell for passing up next Sunday's Pro Bowl at Los Angeles for the island trip Bell says he will seek disciplinary action against the pair at the next NFL meeting.

Layne, who completed 19 of 33 passes for 421 yards, was voted the most valuable pro back.

The smallest multi-stop delivery truck produced by an American manufacturer is this new International Metro-Mite, now being displayed at Simones & Cook, Biddle St. Ext. Only 13 feet in overall length, the Metro-Mite has a surprising capacity in its all-steel body of 200 cubic feet. Designed to meet needs of multi-stop truck users who haul light, bulky loads, this little unit has a new four-cylinder, 51 horsepower engine that gives remarkable operating economy. It features unitized construction that eliminates separate frames for chassis and body. Simones & Cook is demonstrating the International Metro-Mite now in the Warren area, and is showing how this compact truck can handle a payload capacity of 1,000 pounds on its 2,800 pounds weight.

Hillsdale Still Earns Money for Former Grid Star

By JOHN CHANDLER
Associated Press Sports Writer

As long as the conditions are "weather clear, track fast," Hillsdale probably will earn money for its owner, C. W. Smith, former Georgia Tech and Chicago Bears football player.

Hillsdale, now a 4-year-old, beat the famous Round Table Saturday by the slim margin of a head in the \$36,400 San Carlos Handicap at Santa Anita.

Smith, a 240-pounder who played from 1935-39 for Tech and later with the Bears three years, paid Mrs. Helen Kellogg \$25,000 for Hillsdale in December of 1957.

The new owner owns and runs an engineering company with offices in Detroit and Los Angeles which furnishes designs for automobiles, missiles and jet engines.

Last spring Hillsdale was sent to Hollywood Park where he won the Will Rogers Stakes and the El Dorado Handicap. Strong Bay nosed him out in the \$100,000 Westerner.

Smith tried to get some of the big purse in the American Derby at Chicago, but Nadie won, and Hillsdale finished sixth. Then, before the homecoming in Detroit, Hillsdale copped the Michigan Derby, went to Atlantic City and won the Boardwalk Handicap, and wound up the year Dec. 27 by easily taking the Malibu Stakes at Santa Anita.

Round Table, owned by the Kerr Stables, had an excuse — weight. The world's leading money winning horse, making his initial start since he won the \$100,000 Hawthorne Gold Cup at Chicago Oct. 11, packed 132 pounds to only 115 for Hillsdale.

College Baseball Coaches To Meet Major Leaguers

By JIM KENSIL
Associated Press Sports Writer

CINCINNATI (AP) — College baseball coaches today expressed optimism that a summit meeting may be held sometime in the future with representatives of the major leagues.

LeRoy Timm, coach at Iowa State College and president of the American Assn. of Baseball Coaches, stressed that the organization feels its relationship with professional baseball has improved and that such a meeting is not a necessity.

"We are not seeking a hassle with the pros," Timm said, "but we do, as always, object to indiscriminate signing of college players."

"If a boy is an excellent prospect and deserves a chance to play pro baseball, we are glad to see him get that opportunity, but we are never happy when pro scouts sign a boy and merely succeed in disrupting his education."

But Timm said he believes the whole subject of college-pro relationship in baseball has gotten out of perspective. He said a summit meeting between the college group and a major league delegation made up of Commissioner Ford Frick and the owners would help clear up the situation.

Michigan State Rips Through Opposition

TROY, N.Y. (AP) — The cry in the East today could very well be: "Michigan State stay home!"

Eastern hockey teams suffered six losses at the hands of the Spartans in a nine-day period.

Michigan State wound up its holiday vacation trip defeating RPI 10-3 to win the eighth annual Rensselaer Polytechnic Invitation Tournament Saturday night.

National Alliance Committee Meeting

NEW ORLEANS (AP) — The National Alliance Football Committee today opened a three-day meeting with more than 20,000 high schools and colleges in 40 states represented.

The main action expected to be taken by the committee is football rule changes affecting 20,000 high schools, 300 junior colleges and 450 small colleges.

WVU's Big Boy

West on West Virginia's basketball team is a 6-foot-3 junior named Jerry West whose all-around performances and clutch play the past two seasons have enabled WVU to be ranked in the upper echelons of college quintets.

A mere mention of this modest youngster's name is enough to bring a smile of delight to Coach Fred Schaas.

"I'd have few worries if I had a player like Jerry West on my team every year," Schaas says.

The 20-year-old West leads his team in scoring and rebounding, but it is in defensive play that he really shines.

JERRY WEST

Jerry's a basketball game action photographer's dream.

Pictures show this Mountaineer leaping four feet off the floor to foul an opponent's lay-up inches from the goal, his elastic body outstretched gracefully. He falls backward over the shoulder of his guard laying the ball in backhand above the basket. He waits for an on-rushing player on the fast break, then leaps to block the lay-up after the ball leaves the player's hand.

Quick hands, a broad but slender frame, long arms and springy legs give West ideal physical characteristics for basketball. He makes everything appear effortless.

The townspeople from his hometown of East Bank, proudly renamed their community "West Bank" for one day in honor of West. He led East Bank to state high school basketball championship.

West has a fine temperament for the game. He's a perfectionist who is always determined to win.

"He forgot how to lose—a spirit which he infused in the entire team," Schaas said.

West was named to AP's third team All-America last season.

Wall Leads Way Into Final Round Of the L.A. Open

LOS ANGELES (AP) — Tournament-tested Art Wall Jr., who almost stayed home, led the way into the final round today of the \$35,000 Los Angeles Open golf classic.

The personable Wall, a slender, youngish 35, went into the final 18 holes in quest of the \$5,300 top money with rounds of 71-68-68 and a total score of 207, six blows under par for the distance.

He was one stroke ahead of 25-year-old Doug Sanders of Miami Beach, Fla.

The one-time Duke University star, who plays out of Pocono Manor, Pa., disclosed how he almost decided against coming out for this one. On Dec. 29 one of his four children, Gregory, 7, fell into a frozen pond.

It could have been tragic but the lad was rescued in time. That, plus the strain of moving into his new home during the holidays and his busy golfing year, were the factors against coming west.

He actually didn't change his mind until a few hours before his plane left Pennsylvania Dec. 30. Sanders, who led after two rounds, fell back Sunday with a 73. Also remaining in contention were Billy Maxwell, now at 209, and Tommy Bolt. Mike Souchak and John Mc Nulkin at 210.

The one-time Duke University star, who plays out of Pocono Manor, Pa., disclosed how he almost decided against coming out for this one. On Dec. 29 one of his four children, Gregory, 7, fell into a frozen pond.

It could have been tragic but the lad was rescued in time. That, plus the strain of moving into his new home during the holidays and his busy golfing year, were the factors against coming west.

He actually didn't change his mind until a few hours before his plane left Pennsylvania Dec. 30. Sanders, who led after two rounds, fell back Sunday with a 73. Also remaining in contention were Billy Maxwell, now at 209, and Tommy Bolt. Mike Souchak and John Mc Nulkin at 210.

SHEFFIELD

SHEFFIELD — Mrs. A. H. Fine and daughters, of Oak Park, Ill., spent last week at the home of her sister, Mrs. E. R. Ayers, and her mother and brother, Mrs. William Angle and William Angle. Mr. Fine was in California with the Medinah Black Horse Troop (Masonic Order) to serve as honor guard for the Tournament of Roses Queen on New Year's Day. They also attended the East-West game on Saturday in San Francisco, a benefit for Shrine projects.

ELECTION REMINDER

Members of Pleasant Township Volunteer Fire Department are reminded of the election of officers tomorrow evening at 8 p. m. in the fire hall.

MEETING POSTPONED

Society of 28th Division, AEF, regular meeting Tuesday evening has been postponed until Friday, same time and place. Election and installation of officers is on the agenda, members requested to be present.

SENECA CRAFTERS

First 1956 meeting of the new hobby group "Seneca Crafters" will start at 7 p. m. Tuesday in Medical Group Building Annex. Meetings are to be held every other Tuesday during the winter and those interested in joining are invited to attend the session.

ORCHESTRA RESUMES

Warren Civic Orchestra members are reminded their weekly rehearsals will be resumed at 7:30 p. m. Wednesday in Beaty Junior High School bandroom. All are urged to turn out in preparation for the concert to be presented on Sunday, January 25.

AMATEUR GROUP

Members of the newly-organized Warren County Photographers Society, now planning its first exhibit in the black and white medium, are reminded a meeting will be held at 7:30 this evening in the Jefferson Room of Warren Public Library. Detailed plans for the coming exhibit will be discussed and it is urged everyone interested be on hand.

FIRST VISITORS

Den 6 Pack 11, sponsored by Lacy PTA, were the first visitors to Times-Mirror of the New Year when they toured the premises and saw first hand the operations before a daily newspaper hits the streets. In the group were David Brooker, Den Chief; Billy Lounsbury, David Olson, Jerry Henry, Craig Lytle, Danny Nuffer, Wayne Schmaeder, Herby Dickerson, Mrs. Herbert Dickerson, Den Mother, and assistant Mrs. William Brooker.

WARREN MEN CITED

Some Warren men were given their commendation in James-town traffic court Saturday. Richard H. Brink, about 26, of 108 Market street, was fined \$25 after a guilty plea to operating without a license. His passenger, also believed to be a Warren individual, was given a day in jail (already served) for allowing an unlicensed operator to drive his car. Police stopped the car at 1:35 a. m. Saturday on Foote avenue during a routine check. Robert W. Alcorn of 804 Pennsylvania avenue forfeited \$25 bail for speeding 50 MPH on Foote avenue a half hour earlier.

GOthic STRUCTURE

St. Mary's Cathedral of the Assumption at Covington, Ky., is regarded as one of the finest examples of Gothic architecture in the United States.

Announce Change In Marketing of Emblem Products

Petroleum marketing activities of Emblem Oil Company have been taken over by United Refining Company, parent company of Emblem, it was announced today. Sales of Keystone gasoline and home heating oils formerly conducted by Emblem in northwestern Pennsylvania and western New York State will be carried on by the same personnel under the newly created Keystone Division of United. The change was effective January 1st and was made to achieve greater efficiency and to improve service to the company's customers.

Emblem has operated as a wholly-owned subsidiary of United for more than 30 years, marketing Keystone gasoline through approximately 140 service stations and numerous other consuming accounts. United Refining Company has been a leading independent refiner for more than half a century. An extensive modernization program, involving the expenditure of several million dollars in recent years, has resulted in one of the most modern and efficient refineries in this part of the country, with greatly expanded output. Gasoline of the highest quality is produced entirely by the latest catalytic processes. Other products made in the refinery include kerosene, diesel fuel, furnace oil, light and heavy fuel oils, waxes, asphalt, and liquefied petroleum gas.

In explaining the move, an official of United stated: "We expect that our new streamlined organization will put us in a better position to meet competition and to provide for continued growth in the demand for our products over the coming years."

Improvement in Unemployment Is Noted in Report

WASHINGTON (AP) — Secretary of Labor Mitchell said today the purchasing power of working people generally has been greatly strengthened in recent months. Considerable improvement has been noted in both unemployment and inflation, Mitchell said in a new year statement.

He said the business recovery in the last half of 1955 "has been especially gratifying because simultaneously the cost of living has halted its rise." A slight increase was reported in November, the month in which the weekly earnings of the average factory worker reached an all-time high of \$86.58.

Mitchell said the nation's 22 million women workers make up one-third of the total working population.

Looking to the new year, Mitchell predicted jobs will remain scarce early in 1956 but that non-farm employment will climb to the highest point in history before the end of the year.

TROY'S SITE

It is supposed that the town of Hissarlik, Turkey, in Asia, three and one-half miles north of the Hellespont, is the site of Ilium, known as Troy.

No Car License Tags Planned for The Present Year

Passenger car registration renewal season is almost here. For over three and one-half million motorists this means getting acquainted with the details of Pennsylvania's "Five-year registration plan," the Warren County Motor Club reminds.

Although the application form car owners receive will be very much like those used in previous years, what drivers get in return will be quite different from the large tag sent back before.

The license plate received last year will be the one used for four more years. Instead of receiving a new tag this year, car owners will get a small envelope containing their registration card and renewal sticker.

It is this renewal sticker, attached to your license plate at the proper location (and that's important) that will enable car owners to use their automobile during 1959. No new tag will be received — just a renewal sticker to affix to your 1958 tag.

Full instructions are printed on the envelope in which the owners card and renewal sticker are received. Recipients should be most careful in opening the envelope so that the instructions will not be damaged or thrown away before they can be read.

The passenger car sticker will be the conventional state colors: gold background with blue printing. The stickers may be affixed and used after March 15, 1959, and must be in use by April 1, 1959.

Trucks, trailers, taxi-cabs and bus registration expire May 31, and their decals differ in color. Trailer stickers will be green, taxi and bus decals will be blue on gray, and truck sticker will be red.

School bus registration expires June 30 and this sticker is red, similar to the truck decal.

If your 1959 renewal sticker for some reason becomes defaced drivers should apply for a new one and the cost will be \$1. The proper forms for use are available in AAA motor club offices.

Radio and TV

By CHARLES MERCER

NEW YORK (AP) — "Nobody asked me to look into a crystal ball," but I did and I see that in 1959...

Westerns will pass their peak though scarcely anyone will admit it and private eye series will nudge them for first place.

An autopsy of the deceased quirk shows will be resumed now that the New York newspaper strike has ended and the morticians are certain their task will be publicized.

As it does every year, NBC will and has bought a farm in Kentucky or Tennessee — where these queries always originate. Though not rebrung, Como will do fewer shows.

Eddie Fisher will abandon his regular TV program (which NBC also will deny).

Comedians will come and comedians go but Jack Benny will be right there on CBS with the routines that somehow grow funnier as they — and you — grow older.

Dick Clark will find a new format for a night-time show that will make him as popular with oldsters as with youngsters.

A new weekly 90 minute dramatic show will seek to challenge the superlative job that "Playhouse 90" has been doing.

"Du Pont Show of the Month" will finally present an original drama.

Jackie Gleason will make a movie in which he does not play a comedian.

ABC will present more big special programs.

Jack Paar will continue to complain bitterly about his working hours but he'll stay right where he is throughout the year.

The time of the Garry Moore Show will be changed to a better hour.

Dinah Shore will do more television than she wants to do by popular demand.

Viewing Harrisburg

By LEONARD A. UNGER

HARRISBURG (AP)—The green carpet on the floor of the State Senate is threadbare. It's just about the only eyecore in the exquisitely furnished chamber—one of the most elaborate in the nation.

A question to the Senate staff as to why the carpet has not been replaced evoked an answer that very well underlines the tenor of the legislative session ahead.

"The senators feel they might look bad getting new carpet for the floor at a time when taxes must be raised to pay for so many other things," replied a custodian. Prospects are for a long, tough session for the 143rd General Assembly convening on Tuesday. And the length and toughness will be due to taxes if past records are any indication.

The House, in Democratic hands by a slim 108-102 margin, will take the spotlight at the outset since its ways and means committee must be the fountainhead of all tax measures.

After House passage, then any tax program must meet with approval of the Senate — and there Republicans have a 28-22 majority.

The situation is almost identical to the 1955-56 marathon legislative session when the Democratic-controlled House deadlocked with the Republican-dominated Senate for months at a time on taxes.

Gov. George Leader and GOP leaders couldn't bring themselves to accept a compromise in the

early months. As a consequence, Leader later was forced to sign a tax program on Republican terms. The three per cent sales tax, an anathema to Leader, became law at GOP insistence.

Gov.-elect David Lawrence may or may not adopt Leader's tack. Probably not. He isn't the young knight on a shining white charger, a role essayed by Leader at the

Lawrence is a hard-headed, trading politician who is facile in the art of compromise.

It would seem that Republicans will wait for the Democrats to trot out their tax program, sound off against it and perhaps knock it down. But instead of a continuing tug-of-war Lawrence and Republican leaders like veteran Sen. M. Harvey Taylor can be expected to sit down behind closed doors and come up with a compromise.

Until Lawrence presents his budget in about mid-February, little can be expected in the way of major legislation from Pennsylvania's lawmakers.

Virtually every program costs

money. You can't pass a law involving money until you know what the budget picture is going to be. The only exceptions are urgent deficit appropriations. Even in these, re-enactments are necessary to tie in the deficits into the budget.

So until the budget makes its appearance don't expect any early rush of lawmaking by the 1959 Legislature.

Movie Wives, No. 7: Mrs. Dean Martin

By DOROTHY ROE AP Women's Editor

HOLLYWOOD, Calif. (AP)—If you have a sense of humor you can take anything in stride, says little blonde Jeanne Martin, a former Orange Bowl queen from Miami who looks like a teen-ager but is top sergeant to a houseful

of seven children and her dashing husband Dean.

"I'm so busy sorting socks, picking up toys and settling teenage love affairs that I wouldn't have time to be jealous of Dean even if I wanted to," says Jeanne, holding little Gina, 2, on her knee while expertly taping a baseball bat for tow-headed Dino, 7.

The Martin home in Beverly Hills usually resembles a children's day camp, with Mama Jeanne a sort of junior counselor, leading the gang in a game of "run-sheep-run" or water polo in the swimming pool.

When Jeanne and Dean were married in 1949, the light-hearted bride inherited a ready-made family of four children — Craig, Claudia, Gail and Deana, then ranging in age from 7 to 1. Since then the tribe has been increased by three more — Dino, Ricci and Gina, aged 7, 5 and 2. The older children now have attained teenage status and the accompanying problems, but Jeanne rules the

roost with accomplished ease and frequent attacks of giggles.

"I can hardly keep up with birthdays," says she. "We have them all the time — always with parties, of course. I have to hold roll-call at dinner time to be sure everybody's here, and it's practically impossible to find a free phone in the house."

Jeanne has no ambition to get into the movies herself. She laughs heartily as she says:

"Oh, Selznick brought me out here once with the idea of making me a starlet, but I was so hopeless they didn't even give me a screen test. It's just as well I'd never be able to run this dormitory if I had to worry about my own career too."
